Episode Guide Spiderman:

Cartoonists, Works, and Characters in the United States through 2005 John Lent, 2006-04-30 This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work. Author John Lent has used all manner of methods to gather the citations: searching library and online databases, contacting scholars and other professionals attending conferences and festivals, and scanning hundreds of periodicals. He has gone to great length to categorize the citations in an easy-to-use scholarly fashion, and in the process has helped to establish the field of comic art as an important part of social science and humanities research. The ten volumes in this series, covering all regions of the world, constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation, comics, and cartooning. They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc., from all over the world. Also included in these books are citations to systematically researched academic exercises, as well as more ephemeral sources such as fanzines, press articles, and fugitive materials, conference papers, unpublished documents, etc., attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.

Science Fiction Television Series Mark Phillips, Frank Garcia, 2014-05-12 Whether rocketing to other worlds or galloping through time, science fiction television has often featured the best of the medium. The genre's broad appeal allows youngsters to enjoy fantastic premises and far-out stories while offering adults a sublime way to view the human experience in a dramatic perspective. From *Alien Nation* to *World of Giants*, this reference work provides comprehensive episode guides and cast and production credits for 62 science fiction series that were aired from 1959 through 1989. For each episode, a brief synopsis is given along with the writer and director of the show and the guest cast. Using extensive research and interviews with writers, directors, actors, stuntmen, and many of the show's creators, an essay about each of the shows is also provided, covering such issues as its genesis and its network and syndication histories.
