Google S My Library:

Research evaluation metrics Das, Anup Kumar, 2015-04-27 Traducción parcial de la Introducción En la actualidad la evaluación de las investigaciones es una cuestión que se está replanteando en todo el mundo En algunos casos los trabajos de investigación están generando resultados muy buenos en la mayoría de los casos los resultados son mediocres y en algunos casos negativos Por todo esto la evaluación de los resultados de la investigación se convierte en una condición sine qua non Cuando el número de investigadores eran menos eran los propios colegas de profesión quienes evaluaban la investigación Con el paso del tiempo el número de investigadores aumentó las áreas de investigación proliferaron los resultados de la investigación se multiplicaron La tendencia continuó y después de la Segunda Guerra Mundial la investigación comenzó a crecer exponencialmente Hoy en día incluso en una estimación moderada hay alrededor de más de un millón de investigadores y producen más de dos millones de trabajos de investigación y otros documentos por año En este contexto la evaluación de la investigación es una cuestión de primera importancia Para cualquier promoción acreditación premio y beca puede haber decenas o cientos de nominados De entre estos seleccionar el mejor candidato es una cuestión difícil de determinar Las evaluaciones inter pares en muchos casos están demostrando ser subjetivas En 1963 se crea Science Citation Index SCI que cubre la literatura científica desde 1961 Unos años después Eugene Garfield fundador del SCI preparó una lista de los 50 autores científicos más citados basándose en las citas que recibió el trabajo de un autor por parte de los trabajos de otros colegas de investigación El documento titulado Pueden predecirse los ganadores del Premio Nobel Fue publicado en 1968 Garfield y Malin 1968 En el siguiente año es decir 1969 dos científicos que figuran en la lista por ejemplo Derek H.R. Barton y Murray Gell-Mann recibieron el codiciado premio Esto reivindicó la utilidad del análisis de citas Cada año varios científicos pertenecientes al campo de la Física Química Fisiología y Medicina reciben el Premio Nobel De esta manera el análisis de citas se convirtió en una herramienta útil Sin embargo el análisis de citas siempre tuvo críticas y múltiples fallas Incluso Garfield comentó El uso del análisis de citas de los trabajos de evaluación es una tarea difícil Existen muchas posibilidades de error Garfield 1983 Para la evaluación de la investigación se necesitaban algunos otros indicadores El análisis de citas junto con la revisión por pares garantiza el mejor juicio en innumerables casos Pero se necesita algo que sea más exacto La llegada de la World Wide Web WWW brindó la oportunidad pues un buen número de indicadores se están generando a partir de los datos disponibles en la WWW Trad. Julio Alonso Arvalo Univ. Salamanca Your Library Is the Answer Christina T. Russo, Cathy Swan, 2015-01-22 Today's tech-savvy and digitally connected students present a new challenge for today's school librarians This book offers the 21st century tools and know-how necessary for educators to appeal to and challenge students to learn and to want to learn What are the best ways to motivate students to become engaged and develop a passion for learning Can appealing to their desire for socialization and constant communication attributes of their lives outside of education via the integration of cutting-edge technologies and new media in the library or classroom serve to ignite creativity curiosity and

critical thinking This book shows how you can make use of non traditional tools such as popular social networks collaborative technologies and cloud computing to teach information and communications technologies integrated with the school curriculum to improve student learning and demonstrates how these same technologies can help you measure skills and mastery learning The book provides an easy to follow blueprint for using collaborative techniques innovation and teaching for creativity to achieve the new learning paradigm of self directed learning such as flipping the classroom or library Readers of this book will find concrete step by step examples of proven lesson plans collaborative models and time saving strategies for the successful integration of American Association of School Librarians AASL standards The authors both award winning teachers explain the quantitatively and qualitatively measurable educational value of using these technologies for core curricular and information and communications technologies instruction showing that they both enhance student learning outcomes and provide data for measuring their impact on learning

Qualitative Research in Education Marilyn Lichtman, 2023-01-31 The fourth edition of this reader friendly book offers an accessible introduction to conducting qualitative research in education The text begins with an introduction to the history context and traditions of qualitative research and then walks readers step by step through the research process Lichtman outlines research planning and design as well as the methodologies techniques and strategies to help researchers make the best use of their qualitative investigation Throughout chapters touch on important issues that impact this research process such as ethics and subjectivity and making use of technology The fourth edition has been thoroughly revised and updated featuring new examples an increased focus on virtual and digital data collection and the latest approaches to qualitative research Written in a practical conversational style and full of real world scenarios drawn from across education this book is a practical compendium on qualitative research in education ideal for graduate and advanced undergraduate research methods courses and early career researchers alike Hear Marilyn discuss what inspired her to write this fourth edition and what readers can expect In this podcast episode of *The Qualitative Report* she discusses the various types of qualitative research and what defines quality and rigor as well as current issues in education and how qualitative research methods can be used to address them Finally she shares her thoughts about technology and the future of qualitative research

School Library Journal, 2007 *Children's Writer Guide to 2006* Susan M. Tierney, 2006 A forum of more than 250 insiders cover children's markets and writing techniques Learn how to best profit from the new players new priorities and important shifts in the children's book and magazine markets

Guided by Meaning in Primary Literacy Joyce Armstrong Carroll, Kelley Barger, Karla James, Kristy Hill, 2016-12-12 Using a research based approach this book examines the critical connections between writing and reading and it explains how to encourage early literacy in the classroom and library How can teachers and librarians support true literacy in young learners Are very young children guided by meaning in constructing their reality and their relationship to the world What is the value of championing writing at the kindergarten level *Guided by Meaning in Primary Literacy: Libraries Reading Writing and Learning* answers these questions and many more providing best practices in early literacy through explicit lessons in writing and reading and demonstrating how the library can extend learning in deep and powerful ways While some books emphasize reading others emphasize writing and still others focus on library instruction this profound resource brings all of the components of literacy together in a meaningful way Throughout the book the authors highlight examples of student writing anecdotes from the real world and connections between theory and what happens in practical application Unique in its thoroughness of content for this age group this text is essential reading for all early childhood teachers and librarians working in schools and in public libraries with young children The book also serves trainers working with teachers and librarians to increase their

effectiveness in working with young children to promote early literacy *The One-person Library* ,2005 **Library Journal** Melvil Dewey,Richard Rogers Bowker,L. Pylodet,Charles Ammi Cutter,Bertine Emma Weston,Karl Brown,Helen E. Wessells,1909 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Issued also separately Introduction to Engineering Design: Projects and success skills James W. Dally,1998 **Africa Today** ,2006 South African journal of library and information science ,2005 The Library Journal ,2000 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Searcher ,2009 **Desktop Watershed Characterization Methods for British Columbia** Robin G. Pike,2013 In recent years the accessibility of online mapping tools and GIS information has dramatically increased As a result it is now possible to remotely gather information about a watershed s potential disturbance hydrologic and climatic characteristics The purpose of this report is to highlight current sources of online tools and watershed information provide a template of potential disturbance drivers to consider and ultimately create a list of questions that can be used to characterize a watershed s hydrologic regime This document does not specify the development of watershed analysis style indicators for the purposes of watershed assessment This technical report was developed to aid in the descriptive hydrologic characterization of watersheds in British Columbia This report is divided into three sections 1 a watershed characterization template 2 a narrative of working through the template using the Carnation Creek watershed on Vancouver Island and 3 an example watershed characterization report write up Document Information Scotland ,2004 *The Wadsworth Handbook* Laurie G. Kirszner,Stephen R. Mandell,2005 Michigan Library Bulletin ,1924
