Marcus London Guide:

London's West End Rohan McWilliam, 2020 The first history of the West End of London showing how the nineteenth century growth of theatres opera houses galleries restaurants department stores casinos exhibition centres night clubs street life and the sex industry shaped modern culture and consumer society and made London a world centre of entertainment and glamour *Twins in Early Modern English Drama and Shakespeare* Daisy Murray, 2017-01-06 This volume investigates the early modern understanding of twinship through new readings of plays informed by discussions of twins appearing in such literature as anatomy tracts midwifery manuals monstrous birth broadsides and chapbooks The book contextualizes such dramatic representations of twinship investigating contemporary discussions about twins in medical and popular literature and how such dialogues resonate with the twin characters appearing on the early modern stage Garofalo demonstrates that in this period twin births were viewed as biologically aberrant and because of this classification authors frequently attempt to explain the phenomenon in ways which call into question the moral and constitutional standing of both the parents and the twins themselves In line with current critical studies on pregnancy and the female body discussions of twin births reveal a distrust of the mother and the processes surrounding twin conception however a corresponding suspicion of twins also emerges which monstrous birth pamphlets exemplify This book analyzes the representation of twins in early modern drama in light of this information moving from tragedies through to comedies This progression demonstrates how the dramatic potential inherent in the early modern understanding of twinship is capitalized on by playwrights as negative ideas about twins can be seen transitioning into tragic and tragicomic depictions of twinship However by building toward a positive comic representation of twins the work additionally suggests an alternate interpretation of twinship in this period which appreciates and celebrates twins because of their difference The volume will be of interest to those studying Shakespeare and Renaissance Literature in relation to the History of Emotions the Body and the Medical Humanities ["The" English Catalogue of Books](#) ,1898 *Groombridge's Guides to the Examinations for the University of London. The Transformations of Tragedy Fionnuala O'Neill Tønning,Erik Tønning,Jolyon Mitchell,2019-11-26 The Transformations of Tragedy Christian Influences from Early Modern to Modern explores the influence of Christian theology and culture upon the development of post classical Western tragedy The volume is divided into three parts early modern modern and contemporary This series of essays by established and emergent scholars offers a sustained study of Christianity s creative influence upon experimental forms of Western tragic drama Both early modern and modern tragedy emerged within periods of remarkable upheaval in Church history yet Christianity s diverse influence upon tragedy has too often been either ignored or denounced by major tragic theorists This book contends instead that the history of tragedy cannot be sufficiently theorised without fully registering the impact of Christianity in transition towards modernity *Time Out London Guide* ,1998 A London based team of writers and researchers has revised the information packed annual London Guide for the seventh time This edition includes information on London millennium events new maps of Greenwich for the Millennium Dome and Hampstead more detailed information on London by area with coverage extending into the more interesting suburbs and more information on accommodations for visitors on all budgets The guide also offers more details on the arts and entertainment more restaurants and pubs and more on London sites from the Wren churches in the City to Hindu temples in Neasden A Dictionary of the Anonymous and Pseudonymous Literature of Great Britain (etc.) Samuel Halkett,John Laing,1882 **The Ashgate Research Companion to Modern Theory, Modern Power, World Politics** Nevzat

Soguk,Scott G Nelson,2016-04-28 Deliberately eschewing disciplinary and temporal boundaries this volume makes a major contribution to the de traditionalization of political thinking within the discourses of international relations Collecting the works of twenty five theorists this Ashgate Research Companion engages some of the most pressing aspects of political thinking in world politics today The authors explore theoretical constitutions critiques and affirmations of uniquely modern forms of power past and present Among the themes and dynamics examined are textual appropriation and representation

materiality and capital formation geopolitical dimensions of ecological crises connections between representations of violence and securitization subjectivity and genderization counter globalization politics constructivism biopolitics post colonial politics and theory as well as the political prospects of emerging civic and cosmopolitan orders in a time of national religious and secular polarization Radically different in their approaches the authors critically assess the discourses of IR as interpretive frames that are indebted to the historical formation of concepts and to particular negotiations of power that inform the main methodological practices usually granted primacy in the field Students as well as seasoned scholars seeking to challenge accepted theoretical frameworks will find in these chapters fresh insights into contemporary world political problems and new resources for their critical interrogation
