Gradememorandum 2013 Geography Paper:

South African national bibliography, 1999 Classified list with author and title index *A World More Concrete* N. D. B. Connolly, 2016-03-25 Connolly argues that Americans immigrants and even indigenous people between the 1890s and the 1960s made tremendous investments in racial apartheid largely in an effort to govern growing cities and to unleash the value of land as real estate Through a focus on South Florida the book illustrates how entrepreneurs used land and debates over property rights to negotiate the workings of Jim Crow segregation

Test Development and Validation Gary Skaggs, 2022-01-04 Test Development and Validation by Gary Skaggs summarizes the latest test theories frameworks for test development and validation and guidance for developing tests in straightforward language in one core text Students looking for clear concise explanations of measurement validity and test development within a real world context and with numerous examples will find this book to be an excellent learning resource Author Gary Skaggs takes years of experience teaching test development to graduate students across social and behavioral sciences and consulting on a wide variety of government and institutional research projects to offer students a thorough jargon free and highly applied book to help propel their own research and careers Part I of the book The Big Picture sets the stage for test development placing it within the larger context and history of measurement emphasizing measurement concepts and their evolution over time Part II Test Development covers the technical details of instrument and test development in logical order Validation Part III links the conceptual bases provided in Part I with the technical process provided in Part II to conclude the book For those students wanting to go further software suggestions are referenced in the technical chapters while Further Reading sections offer the original sources for more details Exercises and Activities at the end of each chapter provide students a variety of ways to apply their knowledge from conceptual questions to brief project ideas to data analysis problems

Is Russia Fascist? Marlene Laruelle, 2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the charge of fascism has become a strategic narrative of the current world order Vladimir Putin s regime has increasingly been accused of embracing fascism supposedly evidenced by Russia s annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world s preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin s foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia *Is Russia Fascist* shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe s future

Global Perspectives

on Language Assessment Spiros Papageorgiou, Kathleen M. Bailey, 2019-02-07 The sixth volume in the Global Research on Teaching and Learning English series offers up to date research on the rapidly changing field of language assessment The book features original research with chapters reporting on a variety of international education settings from a range of diverse perspectives Covering a broad range of key topics including scoring processes test development and student and teacher perspectives contributors offer a comprehensive overview of the landscape of language assessment and discuss the consequences and impact for learners teachers learning programs and society Focusing on the assessment of language proficiency this volume provides an original compendium of cutting edge research that will benefit TESOL and TEFL students language assessment scholars and language teachers *Education for Sustainable Development and Disaster Risk Reduction* Rajib Shaw, Yukihiro Oikawa, 2014-08-06 Education for Sustainable Development ESD and Disaster Risk Reduction Education DRRE have overlapping areas of concern focusing on strengthening the link to local communities In reality there is significant synergy in ESD and disaster risk reduction DRR Both concepts urge looking at the communities both focus on behavior changes and both call for linking knowledge to action The Decade of Education for Sustainable Development DESD ends in 2014 and the Hyogo Framework for Action HFA ends in 2015 Therefore at this junction it is important to review the progress made over the past 10 years and to suggest future synergy options This book is the first attempt to review these two emerging fields and to provide input to the future direction of education The book has 11 chapters drawing lessons mainly from Japan and discussing their implications for the world The first four chapters provide an overview of the ESD DRR linkage ESD and its evolution DRRE and Climate Change Education These are followed by case studies from ESD practices in Japan in schools universities and communities The primary target groups for this book are students and researchers in the fields of environment disaster risk reduction and climate change studies The book provides them with a good idea of the current research trends in the field and furnishes basic knowledge about these vital topics Another target group comprises practitioners and policy makers who will be able to apply the knowledge collected here to establishing policy and making decisions **Extending the Ground of Public Confidence** Janie Hubbard, 2019-09-09 This book provides a resource for teaching civil liberties in K 12 social studies and teacher education It covers issues like freedom of speech privacy and voting rights with historic and modern perspectives Each chapter includes inquiry based learning activities to help students develop critical skills and uphold civil liberties **Journal of American Indian Education**, 2019 *From Head Shops to Whole Foods* Joshua C. Davis, 2017-08-08 In the 1960s and 70s a diverse range of storefronts including head shops African American bookstores feminist businesses and organic grocers brought the work of the New Left Black Power feminism environmentalism and other movements into the marketplace Through shared ownership limited growth and democratic workplaces these activist entrepreneurs offered alternatives to conventional profit driven corporate business models By the middle of the 1970s thousands of these enterprises operated across the United States but only a handful survive today Some

such as Whole Foods Market have abandoned their quest for collective political change in favor of maximizing profits Vividly portraying the struggles successes and sacrifices of these unlikely entrepreneurs From Head Shops to Whole Foods writes a new history of social movements and capitalism by showing how activists embraced small businesses in a way few historians have considered The book challenges the widespread but mistaken idea that activism and political dissent are inherently antithetical to participation in the marketplace Joshua Clark Davis uncovers the historical roots of contemporary interest in ethical consumption social enterprise buying local and mission driven business while also showing how today s companies have adopted the language but not often the mission of liberation and social change
