Grammar And Beyond Tsr:

A Grammar of the Classical Arabic Language Mortimer Sloper Howell, 1911 Competing Comparative Constructions in Europe Thomas Stolz, 2013-10-24 This in depth areal typological study analyzes the grammatical means which are employed in the languages of Europe to express the comparative of inequality superiority The extant theories and hypotheses about the morphosyntactic structure and the cross linguistic distribution of construction types are reviewed The behavior of comparatives under the conditions of language contact is discussed Data from more than 170 standard and nonstandard varieties of European languages are scrutinized systematically The synchronic picture is complemented by a chapter on the diachrony of comparative constructions The European facts are compared to those of the geographically adjacent Asian and African regions It is argued that cross linguistic investigations must take account also of so called secondary options These secondary options suggest strongly that the supposedly dominant role of the particle comparative cannot be upheld for Europe Moreover only the secondary options allow us to draw isoglosses which cross the borders between Europe and Asia and Africa

Slaying the Dragon Ben Riggs, 2022-07-19 Role playing game historian Ben Riggs unveils the secret history of TSR the company that unleashed imaginations with Dungeons Dragons was driven into ruin by disastrous management decisions and then saved by their bitterest rival Ben Riggs manages to walk the fine line between historical accuracy and fun about as well as anyone and SLAYING THE DRAGON is equal parts historical accuracy and entertainment It was an essential read for me while directing and producing the Official D D documentary but I d recommend it to anyone regardless of the subject material It s a wild and fun ride through the turbulent history of one the most influential brands in our lifetime

JOE MANGANIELLO Co created by wargame enthusiasts Gary Gygax and Dave Arneson the original Dungeons Dragons role playing game released by TSR Tactical Studies Rules in 1974 created a radical new medium the role playing game For the next two decades TSR rocketed to success producing multiple editions of D D numerous settings for the game magazines video games New York Times bestselling novels by Margaret Weis Tracy Hickman and R A Salvatore and even a TV show But by 1997 a series of ruinous choices and failed projects brought TSR to the edge of doom only to be saved by their fiercest competitor Wizards of the Coast the company behind the collectible card game Magic The Gathering

Unearthed from Ben Riggs s own adventurous campaign of in depth research interviews with major players and acquisitions of secret documents *Slaying the Dragon* reveals the true story of the rise and fall of TSR Go behind the scenes of their Lake Geneva headquarters where innovative artists and writers redefined the sword and sorcery genre managers and executives sabotaged their own success by alienating their top talent ignoring their customer fanbase accruing a mountain of debt and agreeing to deals which by the end made them into a publishing company unable to publish so much as a postcard As epic and fantastic as the adventures
