

Introduction to *Daily Paragraph Editing*

Why *Daily Paragraph Editing*?

Daily Paragraph Editing is designed to help students master and retain grade-level skills in language mechanics and expression through focused, daily practice. Instead of practicing skills in a series of random, decontextualized exercises, *Daily Paragraph Editing* embeds language skills in paragraphs that represent the types of text that students encounter in their daily reading and writing activities across the curriculum. A weekly writing activity allows students to apply the skills they have been practicing throughout the week in their own short compositions.

What's in *Daily Paragraph Editing*?

Daily Paragraph Editing contains lessons for 36 weeks, with a separate lesson for each day.

Each week's lessons for Monday through Thursday consist of individual reproducible paragraphs that contain errors in the following skills:

- capitalization
- punctuation
- spelling
- language usage, and more

Student's daily lesson pages for Monday through Thursday include:

- a label indicating the type of writing modeled in the weekly lesson
- a paragraph with errors for students to correct; along with the other 3 paragraphs for the week, this forms a complete composition
- daily and weekly lesson identifiers
- as needed, the "Watch For" logo alerts students to more challenging skills to address in the paragraph
