Everybody's Business Jon Miller,2013-10-10 Sometimes it seems as if business exists purely to enrich a small elite While the world is facing unprecedented challenges it appears that businesses are only interested in making profits or paying bonuses Big businesses are powerful machines We all know they have the potential to cause enormous social and environmental harm but with their resources and expertise they can also be great engines of positive change Rather than fighting the power of business should we be seeking to harness it Everybody s Business is a journey through the business world We meet the companies that are driving business forward by mobilising to tackle the challenges we all face At its heart this is a story of businesses doing what they do best delivering products and services that people need creating jobs and finding new ways to solve old problems It s a story of people taking the initiative and finding inspiration in the positive impact of their actions We see how some of today s leading companies are realising that lasting success comes from having a purpose broader than making a profit They know that business should benefit customers employees suppliers neighbours and the wider world as well as shareholders Enduring value comes from making business work for everybody
