Benati, Cécile Laval, María Arche, 2013-12-19 One of the key issues in second language learning and teaching concerns the role and practice of grammar instruction Does it make a difference How do we teach grammar in the language classroom Is there an effective technique to teach grammar that is better than others While some linguists address these questions to develop a better understanding of how people acquire a grammar language acquisition scholars are in search of the most effective way to approach the teaching of grammar in the language classroom The individual chapters in this volume will explore a variety of approaches to grammar teaching and offer a list of principles and guidelines that those involved in language acquisition should consider to design and implement effective grammar tasks during their teaching It proposes that the key issue is not whether or not we should teach grammar but how we incorporate a teaching grammar component in our communicative language teaching practices **Workbook AK-Grammar Dimensions L1-L4** Larsen, Carolyn Stanchina, 1994-10 The Cambridge Handbook of English Corpus Linguistics Douglas Biber, Randi Reppen, 2015-06-25 The Cambridge Handbook of English Corpus Linguistics CHECL surveys the breadth of corpus based linguistic research on English including chapters on collocations phraseology grammatical variation historical change and the description of registers and dialects The most innovative aspects of the CHECL are its emphasis on critical discussion its explicit evaluation of the state of the art in each sub discipline and the inclusion of empirical case studies While each chapter includes a broad survey of previous research the primary focus is on a detailed description of the most important corpus based studies in this area with discussion of what those studies found and why they are important Each chapter also includes a critical discussion of the corpus based methods employed for research in this area as well as an explicit summary of new findings and discoveries Second Language Teacher Education Alessandro G. Benati, 2024-07-25 How do students acquire a second language How can teachers most effectively teach a second language How do students and teachers develop

communication in the language classroom This textbook is written specifically for a language teacher education programme It provides teachers with the opportunity to move away from a belief based teaching approach to a fact based teaching approach in order to connect knowledge and evidence with innovation Alessandro G Benati structures this book around ten key questions that have driven the field of second language learning and language teaching This provides readers with a clear understanding of the relationship between theory and research in second language acquisition and language teaching the nature and role of language and communication the results and implications of classroom based research Pedagogical features in each of the ten units include call out boxes highlighting main ideas further clarification sections to explain key terms tasks and quizzes at the end of each unit to consolidate learning and a teacher education evaluation form at the end for readers to reflect on the programme

Exploring English Language Teaching in Post-Soviet Era Countries Tamilla Mammadova,2020-10-01 Exploring English Language Teaching in Post Soviet Era Countries analyses different elements of English language teaching from the Soviet era to a new era of Westernised influence This work provides an insight into the problems that occur in present day English language education in post Soviet era countries considering English language teaching at all stages of education The book outlines the challenges that many countries of the former Soviet Union experienced at the turn of the twenty first century and relates these to education as a crucial social phenomenon It considers the teaching of English as a lingua franca at all education levels in the countries of the former Soviet Union with particular emphasis on universities Using empirical research from case studies in Azerbaijan the book considers whether post Soviet era countries have truly moved towards a Westernised model of language education or simply imitated one This book is the first of its kind to treat the problem by listening to teachers and students voices as the major actors of the educational process This book will be of great interest to academics researchers and post graduate students in the fields of English language education education in Eastern Europe and applied linguistics
