Genki ,2011 Workbook containing listening grammar and writing exercises Suitable for self study building vocabulary and developing reading listening speaking writing grammar vocabulary skills and gaining cultural insights Japanese Understanding of Salvation Martin Heißwolf,2018-02-14 It is no secret that Christianity has been widely rejected in Japan with less than two percent of the population identifying as Christian The dominant worldview in Japan is deeply animistic with beliefs such as the Japanese mana concept ki the Japanese soul concept and the concept of God god s kami being deeply rooted in the culture and fundamentally influencing society Dr Martin Hei wolf with his years of experience in Japan critically examines Japanese animism in light of core

Christian beliefs such as the concepts of peace and salvation Central to Japanese people s rejection of Christian truth is the diametric opposition of its supernatural message to the natural focus of Japanese animistic folk religion Hei wolf s meticulous study is framed squarely within missiological thought and praxis so Christians serving in Japanese contexts are better able to communicate the message of the gospel by more fully understanding Japanese people people by whom God wants to be known

One Hundred Mountains of Japan Kyūya Fukada, 2015 Nowhere in the world do people hold mountains in so much regard as in Japan writes Fukada Kyūya in the afterword to this book Mountains have played a part in Japanese history since the country s beginnings and they manifest themselves in every form of art For mountains have always formed the bedrock of the Japanese soul In One Hundred Mountains of Japan Fukada pays tribute to his favorite summits Originating as a series of magazine articles about a personal selection of mountains the work became an instant classic when it was first published in book form in 1964 Consisting of one hundred short essays each celebrating one notable mountain and its place in Japan s traditions the book is an elegantly written eulogy to the landscape literature and history that define a people More recently Japan s national broadcasting

company has turned the original Nihon Hyakumeizan into a memorable TV series Fukuda himself was bemused by his book's success In the end the one hundred mountains represent my personal choice and I make no claims for them beyond that Yet half a century after he set down those words his mountains have become an institution Marked on every hiking map and enshrined in scores of spin off books his Hyakumeizan are today firmly embedded in the mountain traditions they grew out of Now available in English translation One Hundred Mountains of Japan will serve as a guide for a new cohort of hikers and mountaineers It will also open up novel territories for students of Japan's literature folklore religions and mountaineering history in short for mountain lovers everywhere Amazon.com [Library Catalog of the Metropolitan Museum of Art, New York](#) Metropolitan Museum of Art (New York, N.Y.).
