How to Save a Troubled Marriage Biblically Gaines Bradford Jackson, 2010-02-16 How to Save A Troubled Marriage Biblically is an absolute must for anyone planning on marrying as well as for married couples already in a relationship This book is a welcomed first because it is a Scripturally based systemic psychiatric exercise and practical work for today's men and women Wisdom and the handling of crisis in one's life is all in the Holy Bible but is highly dispersed but here in this book it is easily found and applied in the appropriate manner The author has five fundamental themes flowing through the text and they are 1 Marriage is a covenant not a contract and was designed by God 2 Whenever possible restoration of broken relationship is the major goal 3 In marriage the husband seeks to meet the needs of his wife and the wife seeks to meet the needs of her husband 4 The Holy Bible is the ultimate authority on effective relationships in particular marriage relationships and 5 The Biblical pattern for both husband and wife is to sacrifice in order to pursue the satisfaction joy and ultimate happiness of their spouse And you will find as in Proverbs 15:17 RSV A bowl of vegetables with someone you love is better than a steak with someone you hate God be with you and your spouse on your life long loving and happy journey together Well here it is folks read meditate and apply it and you too can be changed by God's grace **This Is How Saved People**

Sin Tisa Batey, 2019-08-16 This book will take you through a plethora of different emotions as you take a journey with the author on her quest to live a saved life You will discover what many already know being a believer does not exempt you from making poor decisions nor does it mean that you will never sin In fact quite to the contrary what you will learn is that the well known Scripture is true When I would do good evil is present with me Romans 7:21 We invite you to take a look into the life of a saved girl who received Christ into her life at a very young age Explore how she broke the chains of religion that had her bound and discovered true spirituality through developing her own personal relationship with God What you will find is a perfect pathway to Christ as you realize that if God can forgive her for the multitude of sins she's committed then certainly He can and will forgive you There is nothing you've done that's so bad that God won't forgive you You will learn that it's not God who has a problem forgiving us for our transgressions but rather it's ourselves It isn't Christ who keeps us nailed to the cross through senseless judgment and condemnation it's us And sadly enough many times the same Christians who should seize every opportunity to pray for one another are the very ones standing in judgment If you take nothing else from this book it is imperative that we learn it's never okay to judge others because they sin differently than you do **The Fight for the Future: How People Defeated Hollywood and Saved the Internet--For Now** Edward Lee, 2013 Wikipedia went dark on January 18, 2012 So did thousands of other websites including search giant Google all to protest a controversial copyright bill called the Stop Online Piracy Act SOPA The protest even helped to ignite mass demonstrations on the streets of over 250 cities in all 27 countries of the European Union to stop a similar attempt to regulate the Internet under the Anti Counterfeiting Trade Agreement ACTA This book provides a gripping behind the scenes look at how people organized the

largest Internet protest in history plus the largest single day demonstration in the streets of 27 countries of the European Union This grassroots movement involving millions of people won an unexpected but historic first victory in the fight for a free and open Internet

How Free Speech Saved Democracy Christopher M. Finan,2022-04-26

A historical demonstration of the indispensability of the First Amendment and an earnest and timely argument for its enduring value Kirkus Reviews Great storytelling about the history and importance of the First Amendment from someone who has spent his life defending and using it Mary Beth Tinker Free speech is not an obstacle to change it is the way change happens Uncovering vivid and engaging stories about First Amendment pioneers How Free Speech Saved Democracy shows how their struggle made possible the surging protests that aim to expand democracy today How Free Speech Saved Democracy is a revealing reminder that First Amendment rights have often been curtailed in efforts to block progress and that current measures to reduce hurtful language and to end hate speech could backfire on those who promote them To those who see free speech as a threat to democracy Finan offers engaging evidence from a long and sometimes challenging history of free speech in America to show how free speech has been essential to expanding democracy From the beginning of American history free speech has been used to advocate for change In the 19th century abolitionists advocates for women's rights and leaders of the labor movement had to fight for free speech In the 20th century the civil rights and anti-war movements expanded free speech creating a shield for every protest movement we see today Written by a historian who became a full-time defender of civil liberties and has spent four decades advocating for the rights of victims of censorship this book grew

out of Finan s desire to address the declining support for free speech that is occurring as our country becomes increasingly polarized Through his evocative storytelling Finan demonstrates how the most effective antidote for the growth of hate speech and violence is support for and cultivation of the robust alternative of free speech
