**A History of the Iraq Crisis** Frédéric Bozo, 2016-12-06 In March 2003 the United States and Great Britain invaded Iraq to put an end to the regime of Saddam Hussein The war was launched without a United Nations mandate and was based on the erroneous claim that Iraq had retained weapons of mass destruction France under President Jacques Chirac and Foreign Minister Dominique de Villepin spectacularly opposed the United States and British invasion leading a global coalition against the war that also included Germany and Russia The diplomatic crisis leading up to the war shook both French and American perceptions of each other and revealed cracks in the transatlantic relationship that had been building since the end of the Cold War Based on exclusive French archival sources and numerous interviews with former officials in both France and the United States A History of the Iraq Crisis retraces the international exchange that culminated in the 2003 Iraq conflict It shows how and why the Iraq crisis led to a confrontation between two longtime allies unprecedented since the time of Charles de Gaulle and it exposes the deep and ongoing divisions within Europe the Atlantic alliance and the international community as a whole The Franco American narrative offers a unique prism through which the American road to war can be better understood

**The Final Move Beyond Iraq** Mike Evans, 2013-10-15 NEW YORK TIMES BEST SELLER From esteemed author and journalist of over 70 books In The Final

Move Beyond Iraq Mike Evans addresses the greatest threat America has faced since the Civil War the Islamic revolution or Islamofascism While the United States debates the best way to solve the situation in Iraq the terrorists are claiming victory and planning to take their show to American soil once again Drawing from extensive interviews with prime ministers CIA directors and other insiders Evans looks at the history and ideology behind the Islamic revolution to explore its very real threat to U S interests why radical Islamic terrorists will only step back when they fear us why victory in Iraq is important to U S security why the United States and Israel cannot sit idly by and let Iran achieve its desire for nuclear weapons and why stabilization in Iraq now would sound defeat rather than victory The Final Move Beyond Iraq is a wake up call to mobilize millions to action America is fighting for its life in the first war of the twenty first century **Fix This War! , A Palestinian Christian Cry for Reconciliation** Naim Stifan Ateek,2008 From the text The background is clear Jerusalem has been conquered and re conquered more than 37 times The latest conquest in 1967 was by the Israeli army After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem but also 65 square kilometers of surrounding open country and villages most of which never had any municipal link to Jerusalem Overnight they became part of Israel s eternal and indivisible capital The history of Jerusalem has been written with blood The first part of this sequel to Justice and Only Justice focuses on events since the Intifada of 1987 including the violence that has come from Israel s aggression and from the use of suicide bombers by Palestinians The second part of the book draws on scripture lifting up biblical figures such as Samson Jonah Daniel and Jesus as it examines issues of ownership of the land In the final section Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine
