

NATS

The National Apprenticeship Training Scheme (NATS) is a program launched by the Government of India under the Ministry of Skill Development and Entrepreneurship (MSDE). It aims to provide skill training to graduates and diploma holders in engineering and technology fields, enhancing their employability and bridging the gap between academic learning and industry requirements.

Key features of the National Apprenticeship Training Scheme include:

1. **Training Duration:** In LTIM the apprenticeships last for a period of 3 months.
2. **Industry Partnerships:** The program partners with various industries to offer apprenticeships in sectors like manufacturing, engineering, IT, electronics, and more.
3. **Stipend:** Apprentices are entitled to a stipend during their training period.

Direct Beneficiary Transfer DBT scheme: As per the DBT scheme, government will credit their share of the stipend directly to your bank account. Hence it is mandatory to enable your Aadhar seeded bank account with the DBT scheme.

4. **Certification:** Upon successful completion of the apprenticeship, participants receive a certificate that is recognized by industry bodies and enhances their job prospects.
5. **Employment Opportunities:** The scheme also aims to facilitate job placements for apprentices, either within the training company or in other organizations within the same industry.
6. **Skill Development:** Apprenticeships focus not only on technical skills but also on soft skills and industry-specific knowledge, preparing participants for the demands of the workplace.

Overall, the National Apprenticeship Training Scheme plays a crucial role in building a skilled workforce and supporting the country's economic growth by providing practical training and employment opportunities to young professionals.
