Shelley,2022-09-27 This thematic encyclopedia provides an overview of education in 70 countries worldwide and links educational organization philosophy and practice with important global social economic and environmental issues facing the contemporary world

*The Ethically Responsible Organization* Ronald R. Sims,2022-12-27 This book argues that businesses must be ethically responsible emphasizing the importance of building and sustaining an ethical culture It discusses preventive measures to avoid scandals the role of continuous learning and strategies for reinforcing ethical practices through consistent training and education      Belonging Sue Unerman,Kathryn Jacob,Mark Edwards,2020-10-29 The most important business book of the year Esquire There s never been more discussion around diversity and inclusion in the workplace From gender pay gaps and the MeToo movement to Black Lives Matter it seems that every organization has finally recognised that lasting change needs to happen Various studies show that the most successful and productive senior management teams are those which are truly diverse and eclectic Yet there remains only 8 female CEOs of FTSE 100 boards and only 10 BAME people working in leadership roles across companies in the FTSE 100 While there has been a clear shift in attitudes actual progress towards

more inclusive workspaces has been excruciatingly slow and in some cases has ground to a halt Following extensive research and interviews at over 200 international businesses Kathryn Jacob Sue Unerman and Mark Edwards have discovered one major problem that is holding back the move towards greater diversity why aren t the men getting involved Most men are not engaged with D I initiatives in the workplace at one extreme they may be feeling actively hostile and threatened by the changing cultural landscape But others may be unmotivated to change recognising the abstract benefits of diversity but not realising what s in it for them The time for change is long past Belonging is the call to action we need today the tool to turn the men in power into allies as we battle discrimination harassment pay gaps and structural racism and patriarchy at every level of the workplace The lessons in this book will help us work together to build a better workplace where everyone feels they belong

Greenberg, Gina Greenlee, 2021-08-31 This book is not written specifically for White readers Black readers readers who are Latino Asian or other specific racial or ethnic groups If you are a business leader individual contributor Human Resources or DEI Diversity Equity and Inclusion professional educator coach or consultant then *The Business of Race* is for you In the business world incident driven company position statements on Black Lives Matter or Stop Asian Hate are not proxies for the heavy lifting that will penetrate and sustain a shift in the status quo Advancing racial equity to disrupt institutional racism requires more than a company wide memo or a tab on a corporate website Businesses often water down negate or skirt this reality by touting successes from its cousin diversity However you cannot advance a strategy you do not name The general term diversity enables that dynamic It s impossible to create an antiracist workplace when we avoid speaking the words race and racism Co authored by two business women one Black and one White *The Business of Race* can help us all prepare for this transformative work Rather than diving headfirst with well meaning but ineffectual efforts we must first ready our organizations The authors outline both the inner work raising our own individual awareness and creating new ways of thinking and being and the outer work organizations must undertake This includes honest and often uncomfortable discussions And carrying out as core to operational business strategy and performance policies and practices to reimagine a racially equitable workplace Whether you re a rising entrepreneur a supervisor or manager a leader of a large multinational company or a frontline employee you ll find concrete actions in this essential guide

Why Racial Diversity Why Now A Competitive Advantage Commitment Specificity and the Science of Small Wins Uncomfortable Truths and Fearless Leaders Look for Talent Where Others Are Not No Secrets in Pay and Promotions Close the Wage Gap Discover Your E and Measure its Impact Woven throughout *The Business of Race* are interviews with dozens of business professionals across myriad industries fields and organizational levels Their stories bring voice to the challenges and opportunities businesses face every day and provide readers with the courage and tools to openly honestly and effectively address the deeply complex emotional and intimidating dynamic of race and racism in the workplace
