Man, the State, and War Kenneth N. Waltz,2018-12-11 What are the causes of war How might the world be made more peaceful In this landmark work of international relations theory first published in 1959 the eminent realist scholar Kenneth N Waltz offers a foundational analysis of the nature of conflict between states He explores works by both classic political philosophers such as St Augustine Hobbes Kant and Rousseau and modern psychologists and anthropologists to discover ideas intended to explain war among states and related prescriptions for peace Waltz influentially distinguishes among three images of the origins of war those that blame individual leaders or human nature those rooted in states internal composition and those concerning the structure of the international system With a foreword by Stephen M Walt on the legacy and continued relevance of Waltz s work this anniversary edition brings new life to a perennial international relations classic

Man, the State, and War Kenneth N. Waltz,2001-09-26 What are the causes of war To answer this question Professor Waltz examines the ideas of major thinkers throughout the history of Western civilization He explores works both by classic political philosophers such as St Augustine Hobbes Kant and Rousseau and by modern psychologists and anthropologists to discover ideas intended to explain war among states and related prescriptions for peace

Kent's Commentary on International Law James Kent,1878 **Aligning Ends, Ways, and Means** D. Robert Worley,2011-12-08 After four decades of relative stability in national security strategy American behavior has been erratic in search of a new and sustainable role on the world stage Rather than facing an ideologically driven great power alliance the new threat appears to be emanating from failed or failing states And rather than preparing to deter and if necessary defeat a military super power the United States has entered into long costly and uncertain nation building efforts that are falling out of favor with the American public facing a deep recession Nation building efforts in Iraq and Afghanistan have exposed an imbalance in the capabilities of the departments and agencies and an inability to achieve a unity of effort a whole of

government effort High level commissions recommend a reallocation of resources to achieve a new balance in the instruments of power and major reorganizations to affect a better orchestration of the instruments Others are completely redefining national security Traditionally threats to national security were military problems with military solutions What were considered issues of foreign policy including pandemics and environmental degradation are increasingly cast as national security matters They are not military problems with military solutions A national security strategy aligns ends ways and means Finding a new alignment must take place in an environment of a deep and wide recession partisan gridlock and uncertainty about the very meaning of national security This book presents the reader with the information necessary to engage in an informed debate on national security strategy and the system that supports it
