page through to architectural and urban practice and from the scale of the domestic hearth through to the ocean archipelago and international law enriching the long standing trope of viewing architectural regionalism purely as a matter of style Curated into four key thematic areas Theorised Regions Contested Regions Heritage Regions and Future Regions the book incorporates the values concerns and approaches of a truly diverse international community of scholars curators and practitioners as well as the design work of international students tasked to explore what region means to them

Bawa and Beyond Tariq Jazeel,2006 Address by the speaker at International Centre for Ethnic Studies **Bawa: The Sri Lanka Gardens** David Robson,2017-06-06 The story of two talented landscape designer brothers and their exquisite gardens set in the lush landscape of Sri Lanka The work of architect Geoffrey Bawa achieved a unique fusion of vernacular style and modern construction incorporating the lush tropical landscape of his native Sri Lanka Although his architectural work and its influence have been well documented less attention has been paid to his work on gardens His most famous

garden is the one he created for himself at his estate Lunuganga and it is rivaled by Brief the lesser known garden of his brother Bevis Evolving over several decades these two gardens and their outbuildings and sculptures represent high points of tropical design in which architecture and landscape are intertwined Bawa The Sri Lanka Gardens is the story of two brothers and their exquisite gardens It begins with an overview of Sri Lanka's rich horticultural tradition and the cultural background that inspired the Bawas sensitive treatment of architecture and then records the familial relationship between Geoffrey and Bevis Bawa and their distinctive individual differences and inspirations David Robson takes the reader on a tour around Brief and Lunuganga through rich photo essays and revealing descriptions while glorious images reveal the aesthetic considerations and architectural mastery of the gardens creators [The Architects' Journal](#) ,2003 **A + U, architecture and urbanism** ,2004 **Imagining Modernity** Anoma Pieris, Social Scientists Association of Sri Lanka,2007 This book is a detailed study of the architecture of Valentine Gunasekara 1931-2017 It provides an innovative lens to understand the formation of a Ceylonese middle class which was inspired by the post independence desire for modernity Their experiments values and dynamic social history are the framework for this research Although neglected by his peers and marginalized by the prevalent discourse on vernacular regionalism Gunasekara's work poses important questions regarding the utopian ideals of the modernist project and its successes and its failures in Asia More significantly his work reveals the European and American influences that shaped the first generation of Ceylonese architects and their efforts at adapting new materials and technologies to a very different climate and culture This book documents a wide range of Gunasekara's projects including residential religious and commercial buildings arguing that they represented a nascent cosmopolitanism from below that proved to be quite antithetical to regionalist trends in architecture This e book is a re publication of an earlier edition published by Stamford Lake in 2007 [Landscape Australia](#) ,2004 [Beyond Bawa](#) David Robson,2007 Takes a look at Geoffrey Bawa's life and career and at the legacy of his influence through the work of contemporary architects working across southeast Asia [Dwell](#) ,2008 [Book Review Index](#) ,2004 Every 3rd issue is a quarterly cumulation **Bawa: the Sri Lanka Gardens** David Robson,2009-03-24 Geoffrey Bawa's architectural work is well documented but less attention has been paid to his work on gardens This book focuses on his two most famous gardens Lunuganga on his own estate and the lesser known garden he fashioned for his brother Bevis Evolved over several decades the gardens and their outbuildings and sculpture represent high points of all encompassing tropical design This book begins with a largely photographic overview of Sri Lanka's natural features showing the varied palette of landscapes that inspired Bawa's sensitive treatment of architecture At the very heart of the book is an intimate portrait of two exquisitely detailed gardens and the personalities that brought them into being But it is also a story about the nature and landscape of an island of exceptional beauty As such the book has something to offer followers of Geoffrey Bawa tropical garden enthusiasts and to all those seeking a photographic portrait of Sri Lanka **The Iconic House** Dominic Bradbury,2009-10-27 The Iconic House features one hundred of the most

important and influential architect designed houses in the world Inside cover
