No Sense of Place Joshua Meyrowitz, 1986-12-11 How have changes in media affected our everyday experience behavior and sense of identity Such questions have generated endless arguments and speculations but no thinker has addressed the issue with such force and originality as Joshua Meyrowitz in No Sense of Place Advancing a daring and sophisticated theory Meyrowitz shows how television and other electronic media have created new social situations that are no longer shaped by where we are or who is with us While other media experts have limited the debate to message content Meyrowitz focuses on the ways in which changes in media rearrange who knows what about whom and who knows what compared to whom making it impossible for us to behave with each other in traditional ways No Sense of Place explains how the electronic landscape has encouraged the development of More adultlike children and more childlike adults More career oriented women and more family oriented men and Leaders who try to act more like the person next door and real neighbors who want to have a greater say in local national and international affairs The dramatic changes fostered by electronic media notes Meyrowitz are neither entirely good nor entirely bad In some ways we are returning to older pre literate forms of social behavior becoming hunters and gatherers of an information age In other ways we are rushing forward into a new social world New media have helped to liberate many people from restrictive place defined roles but the resulting heightened expectations have also led to new social tensions and frustrations Once taken for granted behaviors are now subject to constant debate and negotiation The book richly explicates the quadruple pun in its title Changes in media transform how we sense information and how we make sense of our physical and social places in the world

Playing Doctor Joseph Turow, 2010-08-26 Joe Turow's Playing Doctor disquiets and challenges the reader's intellect with cogent analysis of the forces that have shaped television's portrayal of doctors and the medical world For that alone it is a fantastic read But Dr Turow also pleases the mind with well written and amusing stories interviews and behind the scenes anecdotes that bring to life in an eminently readable style the fascinating world of TV medicine David Foster M D supervising producer writer and medical consultant for House Joseph Turow takes us behind the scenes of such hit television series as ER Grey's Anatomy and House to reveal the complex relationship viewers have with their beloved fictional caregivers Turow carefully probes the history of TV medical series and presents a compelling argument for telling more truthful medical stories in the future to reflect and address the precarious state of our health care system today Neal Baer M D executive producer of Law Order Special Victims Unit The great contribution of Turow's book in addition to providing a highly readable and smart overview of medical shows over the years is to examine the consequences of the gap between the reality of medical care and the often romanticized heroic depictions on television This would be a very good book for professors to use in teaching a range of courses in communications studies from introductory courses to more specialized classes on health and the media

Susan Douglas Catherine Neafie Kellogg Professor Arthur F Thurnau Professor Communications Studies Department Chair University of Michigan *Playing Doctor* is an engaging and highly perceptive history of the medical TV series from its inception to the present day Turow offers an inside look at the creation of iconic doctor shows as well as a detailed history of the programs an analysis of changing public perceptions of doctors and medicine and an insightful commentary on how medical dramas have both exploited and shaped these perceptions Drawing on extensive interviews with creators directors and producers *Playing Doctor* is a classic in the field of communications studies This expanded edition includes a new introduction placing the book in the contemporary context of the health care crisis as well as new chapters covering the intervening twenty years of television programming Turow uses recent research and interviews with principals in contemporary television doctor shows such as *ER* *Grey s Anatomy* *House* and *Scrubs* to illuminate the extraordinary ongoing cultural influence of medical shows *Playing Doctor* situates the television vision of medicine as a limitless high tech resource against the realities underlying the health care debate both yesterday and today Joseph Turow is Robert Lewis Shayon Professor at the Annenberg School for Communication University of Pennsylvania He was named a Distinguished Scholar by the National Communication Association and a Fellow of the International Communication Association in 2010 He has authored eight books edited five and written more than 100 articles on mass media industries He has also produced a DVD titled *Prime Time Doctors Why Should You Care* that has been distributed to all first year medical students with the support of the Robert Wood Johnson Foundation Praise for the first edition of *Playing Doctor* With *Playing Doctor* Joseph Turow has established himself as one of the foremost analytic historians of the interplay between television its audiences and other American institutions George Comstock S I Newhouse Professor at the Newhouse School of Public Communications Syracuse University in Health Affairs Cover image Eric Dane Kate Walsh Sara Ramirez and crew members on the set of *Grey s Anatomy* American Broadcasting Company Inc **The Working Press of the Nation** ,1999 V 1 Newspaper directory v 2 Magazine directory v 3 TV and radio directory v 4 Feature writer and photographer directory v 5 Internal publications directory **Circulation** ,2009 *Printers' Ink* ,1963 **Snow's Pathfinder Railway Guide** ,1917 Handbook of American Popular Culture M. Foote,1990-05-30 This volume chronicles the 60 year history of presidential and opposition access to network television The system has brought unprecedented exposure to twentieth century presidents but has discriminated consistently against the opposition in Congress Networks instead have placed themselves in the role of loyal opposition operating as the President s counterpoint In decline hurt by defecting audiences and advertisers the network system is now struggling to survive into the next century

The author envisions a new order which will have a profound effect on both political communication and the balance of political power. Television Access and Political Power explores the 60 year history, structure and efficiency of a network communication system which has dominated American political communication during the twentieth century. Contrary to other countries in which clear cut rules govern the government broadcaster relationship, American networks are free to exercise their own judgement regardless of the consequences. The author urges reform on a system that has not worked well for either political party.
