Galaxy Sroot Guide:

Globular Clusters - Guides to Galaxies Tom Richtler, Søren Larsen, 2008-11-23 The principal question of whether and how globular clusters can contribute to a better understanding of galaxy formation and evolution is perhaps the main driving force behind the overall endeavour of studying globular cluster systems Naturally this splits up into many individual problems The objective of the Joint ESO FONDAP Workshop on Globular Clusters Guides to Galaxies was to bring together researchers both observational and theoretical to present and discuss the most recent results Topics covered in these proceedings are internal dynamics of globular clusters and interaction with host galaxies tidal tails evolution of cluster masses accretion of globular clusters detailed descriptions of nearby cluster systems ultracompact dwarfs formations of massive clusters in mergers and elsewhere the ACS Virgo survey galaxy formation and globular clusters dynamics and kinematics of globular cluster systems and dark matter related problems With its wide coverage of the topic this book constitutes a valuable reference of the scientific knowledge of the field

The Square Root of Negative Forty-Two Adam Douglas, 2011-02-19 When Professor Adam Douglas finally makes it back to the cusp of creation he is immediately haunted by one thing how to take his beloved Miss Eve Milgrew back with him The problem the parabolic design of his time machine can only accommodate one traveler at a time When the two love birds attempt the unthinkable and head back together as one the unspeakable happens Miss Milgrew falls off As best he can tell somewhere between the Battle of the Alamo and the beginning of time The rest as they say is history or in this case un history as Professor Douglas struggles against all odds to find Miss Milgrew and bring her back safely to the here and now Along the way he is forced to confront everything he has ever held sacred Even the number 42 Thanks to his juxtaposed namesake Douglas Adams and his epic work *The Hitchhiker's Guide to the Galaxy* there was a time not long ago when the ultimate answer 42 went unchallenged Not any more
