

The First Henry Ford: A Study in Personality and Business Leadership

Anne Jardim

"The book is a model for studies in the social psychology of management. In a knowledgeable and judicious way, it integrates theories about personality with an understanding, both theoretical and historical, of a particular case of administrative leadership. The problem is carefully defined, the research skillfully carried out, and the data meaningfully mixed with the theory . . . The result is both good history and good 'case' history." — *Bruce Mazlish*
