**Comics in Translation** Federico Zanettin, 2015-12-22 Comics are a pervasive art form and an intrinsic part of the cultural fabric of most countries. And yet relatively little has been written on the translation of comics. *Comics in Translation* attempts to address this gap in the literature and to offer the first and most comprehensive account of various aspects of a diverse range of social practices subsumed under the label comics. Focusing on the role played by translation in shaping graphic narratives that appear in various formats, different contributors examine various aspects of this popular phenomenon. Topics covered include the impact of globalization and localization processes on the ways in which translated comics are embedded in cultures; the import of editorial and publishing practices; textual strategies adopted in translating comics, including the translation of culture and language specific features and the interplay between visual and verbal messages. *Comics in translation* examines comics that originate in different cultures, belong to quite different genres and are aimed at readers of different age groups and cultural backgrounds, from Disney comics to Art Spiegelman's *Maus*, from Katsuhiro Tomo's *Akira* to Goscinny and Uderzo's *Astérix*. The contributions are based on first hand research and exemplify a wide range of approaches. Languages covered include English, Italian, Spanish, Arabic, French, German, Japanese and Inuit. The volume features illustrations from the works discussed and an extensive annotated bibliography. Contributors include Raffaella Baccolini, Nadine Celotti, Adele D'Arcangelo, Catherine Delesse, Elena Di Giovanni, Heike Elisabeth Jüngst, Valerio Rota, Carmen Valero Garcés, Federico Zanettin and Jehan Zitawi.

**Judy, Or the London Serio-comic Journal**, 1891 *The British Comic Catalogue, 1874-1974* Denis Gifford, 1975 This is the world's first attempt at a catalogue of comics. It aims to list the title of every comic published in Great Britain from the first one in 1874 to the latest in 1974, some 1,900 titles in a century of comics. The entries contain details as to date of first and last issues, total number of issues published, names of publisher and distributor, original price and subsequent changes, amalgamations and incorporations of and into other comics, names of comic strip characters and their original artists with years of first appearance, names of editors and even details of Grand Free Gifts. Introduction page ix *The English Catalogue of Books ...*, 1948 **The English Catalogue of Books** Sampson Low, 1952 Volumes for 1898-1968 include a directory of publishers. *The Comic Art Collection Catalog* Michigan State University Libraries, Special Collections Division, 1993 This is the most comprehensive dictionary available on comic art produced around the world. The catalog provides detailed information about more than 60,000 cataloged books, magazines, scrapbooks, fanzines, comic books and other materials in the Michigan State University Libraries America's premiere library comics collection. The catalog lists both comics and works about comics. Each book or serial is listed by title with entries as appropriate under author, subject and series. Besides the traditional books and magazines, significant collections of microfilm, sound recordings, vertical files and realia, mainly T-shirts, are included. Comics and related materials are grouped by nationality, e.g. French comics, and genre, e.g. funny animal comics. Several times larger than any previously published
