*Ms and Relationships: My Healing Spiritual Journey* Karen Lawrence,2017-01-30 Karen initially believed that her interest and curiosity in the new age realm would lead her to a full recovery or cure from Multiple Sclerosis What she discovered was how her relationships played a key role in her mental physical and spiritual health It began by ending friendships that were or never were healthy in the first place She then discovered that it was not only the unhealthy friendships but it carried over to intimate relationships and professional relationships with her clients as well as other colleagues When she wanted to know why she had attracted so many people in her life that did not reflect her integrity her Homeopathic team placed Karen on a journey of self discovery She began to realize that this pattern of relationships stemmed from the first relationships she made with her parents particularly her mother She started to notice the significance of her relationship with her mother when she began the writing process of this book Having all the intention of filling the pages with Alternative Health care Professionals instead she found herself writing about her mother Prior to writing her book she read another book which was a guide for beginner writers and she knew she had to finish writing her thoughts on paper before she could continue as she thought to write about Practitioners However Karen couldnt stop writing about her mother but continued to write and found that the writing process became very healing for her This new journey became the source of what healing from Multiple Sclerosis was all about for Karen What she gained from the result of her relationship with her mother was to learn to love herself Once she did that she was able to break through her chrysalis and transform into a beautiful spiritually healed woman
