

A woman with her hair in an updo is shown from the back, wearing a light-colored, patterned dress with a lace-trimmed bodice and a corset-style back. She is in a room with a fireplace, a table with a vase, and a chair. The lighting is warm and golden.

Talking Criminal Justice Michael J Coyle, 2013-10-28 The words we use to talk about justice have an enormous impact on our everyday lives As the first in depth ethnographic study of language Talking Criminal Justice examines the speech of moral entrepreneurs to illustrate how our justice language encourages social control and punishment This book highlights how public discourse leaders from both conservative and liberal sides guide us toward justice solutions that do not align with our collectively professed value of equal justice for all through their language habits This contextualized study of our justice language demonstrates the concealment of intentions with clever language use which mask justice ideologies that differ greatly from our widely espoused justice values By the evidence of our own words Talking Criminal Justice shows that we consistently permit and encourage the construction of people in ways which attribute motives that elicit and empower social control and punishment responses and that make punitive public policy options acceptable This book will be of interest to academics students and professionals concerned with social and criminal justice language rhetoric and critical criminology
