[Ford Focus RS: How Well Do You Know about Ford Focus RS?](#) Nichols MANDA, 2021-09-20 This book is about a vehicle that has gracefully taken everything from debilitating criticism to huge hugs of love and produced from 2016 to 2018. It is the Ford Focus RS that sadly bowed out of production as a result of pan European emissions standards, increased CO2 taxation and the high cost of developing an RS according to the company statement. The Ford Focus Rally Sport RS had lived its life rather extravagantly with a sense of pride for all the pampering and attention it was given. After all, the model was born from a lineage of international rally champions through the Ford Escort. The Ford Focus RS badge first appeared on the MK1 Escort. Several versions of rally ready and road ready versions came and went. One of the most notable among them was the Escort RS Cosworth. This was a front wheel drive motivated by a 2.0 liter 16 valve engine that pushed out 212 hp. The top speed was capped at 144 mph and the only available color was Imperial blue. For more knowledge about the car, check out Ford Focus RS book today.
