the news not the news we have become accustomed to celebrity journalism conventional wisdom received ideas but the actual story an account unfettered by ideology or consensus She has been unafraid to speak up when too many other writers have joined the pack In this sense Adler is one of the few independent journalists writing in America today This collection of Adler s nonfiction draws on *Toward a Radical Middle* a selection of her earliest New Yorker pieces *A Year in the Dark* her film reviews and *Canaries in the Mineshaft* a selection of essays on politics and media and also includes uncollected work from the past two decades The more recent pieces are concerned with in her words misrepresentation coercion and abuse of public process and to a degree the journalist s role in it With a brilliant literary and legal mind Adler parses power by analyzing language the language of courts of journalists of political figures of the man on the street In doing so she unravels the tangled narratives that pass for the resolution of scandal and finds the threads that others miss the ones that explain what really is going on here from the Watergate scandal to the preposterous Kenneth Starr report submitted to the House during the Clinton impeachment inquiry to the plagiarism and fabrication scandal of the former New York Times reporter Jayson Blair And she writes extensively about the Supreme Court and the power of its rulings including its fateful decision in *Bush v Gore* [United States V.
