## Fire Alarm Control Panel with built-in DACT and remote-site upload/download capability

Figure 11

### Description

The Gamewell Flex 405 is a 24-volt, five-zone Fire Alarm Control Panel (FACP) with built-in communicator and remote-site upload/download capability. The integral communicator transmits event information (alarms, troubles, supervisories, faults, etc.) to a UL-Listed central station. The Flex 405 may be used in a variety of cost-effective applications, including: local fire alarm control panel (communicator disabled), fire alarm control panel/communicator, stand-alone sprinkler supervisory communicator, or slave communicator to a UL-Listed host fire alarm panel (requires normally-open dry

contacts to trigger five channels). Selectable transmission formats allow the Flex 405 to communicate to virtually all central stations.

### Remote-Site Upload/Download

The Flex 405 may be downloaded or uploaded without affecting the system fire protection. Download system programming, and upload key system information such as: current system status, history and walk test files; zone, AC line, NAC 1 and NAC 2, resettable power and battery voltages; and system programming. Upload or download within one minute without affecting normal fire panel functions. The upload/download function also features multiple security techniques. The Flex 405 requires the PK-CD programming kit, which works with most Hayes-compatible modems (consult factory for listing).

### Features

- Five programmable Initiating Device Circuits (IDCs). Each zone may be programmed for: two-wire smoke detectors, normally-open contact devices (pull stations, heat detectors), four-wire smoke detectors, waterflow operation, supervisory operation, auto-reset supervisory operation.
- Two built-in, Class A or B (Style Z or Y) Notification Appliance Circuits (NACs). NACs may be programmed: silenceable, non-silenceable (a strobe circuit can keep flashing after the panel is silenced), auto-silence (program 5 to 30 minutes), silence inhibit (60 seconds), coding (march time, temporal, California).
