

Partnerships, S Corporations, and Corporations

Whether or not additional income from a Partnership, S Corporation, or regular corporation is used to qualify an applicant, lenders must still conduct an analysis of the business tax returns to ensure a consistent pattern of profitability. Any loss resulting from this analysis must be deducted from cash flow as it represents a drain on the borrower's income.

The following sources of income may be considered for qualification provided:

- The borrower can document ownership and access to income;
- The business has adequate liquidity to support withdrawal of earnings; and
- The business has positive sales and earnings trends
