Dear Mx. Leung,

I am pleased to be applying for the position of Mechanical Engineer at Biofire Technologies. With 6+ years in the field, I believe that my extensive experience working with 3D CAD Software – SolidWorks, in particular – to architect and execute lightweight materials creation will contribute greatly to your organization.

I am recognized for my attention to detail and precision in the handling and manipulation of fragile materials. Moreover, I have a proven track record of expert communication, having worked as a liaison between various teams, including design, production, quality assurance, and machine shop floor personnel.

What draws me most to your company is your work in the health care industry. During my time at SeedSecure, I learned the demands of working in an FDA-regulated environment and pride myself on maintaining the utmost adherence to safety and sanitation rules and regulations. Furthermore, I make a priority of studying the latest industry trends and best practices, ensuring that myself and my team are bringing the most current standards to the shop floor.

Enclosed you will find my resume, which further details my skills, experience, and qualifications. I look forward to further discussing with you how I can contribute to the goals of your organization. Please contact me at your earliest convenience via email at [aleena.rashed@gmail.com](mailto:aleena.rashed@gmail.com) or by phone at (303)-361-8459.

Sincerely,

**Aleena Rashed**
