The Effects of Pornography on Gender Roles in Society

Throughout these readings, I find the heart of core of gender to be sexually influenced and driven by sex in general. Just as one's influences and experiences affect their perception of other people in everyday life, they also influence the way one perceives other people's sexuality and ultimately their gender. With the popularity and accessibility of pornography in the world today via the internet, large groups of people have been producing and being influenced by stereotypes and expectations of sex and intimate relationships that don't have to do with any real experience, but rather the images those individuals see through a screen or a magazine. Pornography is a biased viewpoint of sex because the viewer is forced to watch what the photographer or video director allocates for them to see. Another reality is that pornography is a version of entertainment. Directors are interested in giving their viewer audience a variety of visual extremes such as different angles to not only entertain their audience, but to wow them so much they come back for more. These entertainment companies are currently making profits filming and producing these biased, sexist, and purely physical relationships. As long as these companies are able to remain profitable, they will continue in feeding the eyes and minds of oversexed individuals browsing the internet and reading magazines. With pornography being a popular source of sexually explicit entertainment, many people are heavily influenced by it. The viewer unconsciously and some times consciously begins to create and evolve not only their own personal views about sex and physical relationships, but also their future sexual
