heir to an ancient bloodline and get revenge on kidnappers The hero a titular Sekiro is a one handed man with a magical prosthesis in place of his lost limb This isn't the only supernatural change in his body as he is cursed to never find peace in death He won't get eternal rest till he saves his master Sekiro Shadows Die Twice combines spectacular fights with stealth mechanics We spend most of the time sneaking undetected under guards noses and eliminate foes by surprise However we also regularly come into direct confrontation with them which use a complex arcade system resembling Dark Souls series There are even breath taking battles with powerful bosses One of the key features comes in the usage of an artifact that replaced his right hand It is useful for blocking attacks or activating retractable shield consisting of tens of blades Additionally the prosthesis is equipped with a hook with a chain that is invaluable during exploration As levels in Sekiro Shadows Die Twice are very expanded vertically they give us many alternate routes to explore or attack unsuspecting enemies As we progress through the game our character grows stronger But not through the typical RPG system of experience points being allocated to statistics Instead the hero learns new skills that open more possibilities This unofficial guide to Sekiro Shadows Die Twice is a compendium of knowledge about this very demanding production developed by FromSoftware The guide is designed to help you get to know the basics of the game and understand its more complex mechanics It will also help you to overcome all bosses and reach the finale of the expedition The guide begins with Starting Tips which offer a compilation of the most important elements of the game in a nutshell This is also a chapter recommended for those who have not previously had contact with the soulsborne genre and want to have a less troublesome start in this completely new adventure All the important topics related to game mechanics are also described in more detail in separate sections of the guide these include combat exploration sneaking a very important novelty in relation to previous games by FromSoftware character development as well as death and its consequences Apart from the walkthrough we've also prepared a FAQ with answers to the most vital questions There you can learn things such as how to parry the attacks of opponents how to get new prosthesis upgrades in what order to explore the starting locations or how to deliver surprise attacks
