How (and Why) to Write a Response Paper

THE PURPOSE

Up until now, you have been led to believe that the purpose of writing is to assert opinions and defend them with facts. The idea is, when you write a paper you're trying to create a bulletproof "case" for some interpretation or point of view...often in about 5 paragraphs.

The problem is, the **best** writing usually looks nothing like that 5 paragraph essay you've been dutifully practicing for the past 10 years.

Personally, I think that both of these ways of writing are pointless. Don't blame yourselves for all those 5-paragraph essays—blame your teachers. Your teachers before me, that is. And you can blame me for last year, too, I guess, but I had to do what I did. The state was holding me hostage. But this year I've changed, I really have...
