House Episode Guide Medical:

Quicklet on House Season 5 Tom Tonthat, 2012-07-30 ABOUT THE BOOK Season 5 of the hit Fox medical drama series House follows the life and times of the brilliant but sociopathic Dr Gregory House as he and his medical team solve difficult and life threatening cases at the fictional Princeton Plainsboro Teaching Hospital in New Jersey The fifth season of House provides some wonderful character development and has a powerful finale As a television series House has been entertaining as a medical drama mystery and even a comedy The medical terminology is relatively accurate for a one hour television show compared to the faux science of CSI Each episode of House is a mystery where the medical staff must locate the clues and find the diagnosis before time runs out for their patient Sometimes even knowing the diagnosis is not enough to save the patients life Most of the comedy comes from Houses need to undermine authority or knock people off their high horse when he feels that one deserves it And to House they always deserve it MEET THE AUTHOR With a BS in Business Administration and a Technical Writing Certificate Tom Tonthat has written anime reviews for The Escapist video game and television articles for Yahoo and the occasional instructional manual He loves anime origami toys films television and comics Find Tom Tonthat on Facebook <http://www.facebook.com/kvalentine> Twitter TravelValenti Site Travelingvalentine.com EXCERPT FROM THE BOOK The importance of the rational versus the intuitive is a major theme toward the end of the season when House blurs the line between the two He manages to rationalize his intuition and blur his reality and fantasy He feels that he is in control but Wilson knows that House lives life dangerously When the bombshell about him and Cuddy drops House soon realizes that he can only be hurt by those he is attached to emotionally House is the brainchild of David Shore whose previous television production experience includes producing two late 90s seasons of Law Order and writing for a variety of shows like NYPD Blue Due South The Practice and The Outer Limits He was asked to come up with a medical procedural show for NBC in 2003 David s idea was to make the medical procedural show emphasize the characters over the medicine since it made for more compelling television He decided to base the protagonist of his medical show on Sherlock Holmes and became the creator writer and producer of House NBC decided to pass on House and instead chose Medical Investigation as its medical procedural show of choice Medical Investigation was a medical mystery drama filled with an eclectic staff of medical geniuses that no one really watched and only lasted one season Fortunately Fox picked up on David Shore s medical drama and the rest is television history CHAPTER OUTLINE *Quicklet on House Season 5 About the Show About the Director and Producer Overall Summary Episode by Episode Commentary Summary and much more House Season 5* **Gender Scripts in Medicine and Narrative** Angela Laflen, 2010-06-09 Gender is an exciting area of current research in the medical humanities and by combining the study of medical narratives with theories of gender and sexuality the essays in *Gender Scripts in Medicine and Narrative* illustrate the power of gender stereotypes to shape the way medicine is practiced and perceived The chapters of *Gender Scripts in Medicine and Narrative* investigate gendered perceptions and representations of
