**Grand Designs** Aneta Podkalicka,Esther Milne,Jenny Kennedy,2018-11-28 This is the first academic book to examine the long running hit series Grand Designs which occupies a significant place in the popular imagination internationally The authors apply an empirically grounded critical perspective to the study of television to reveal how people use the program in their everyday lives The emphasis on everyday uses and meanings combines creatively with understanding the program theoretically textually and in terms of its production structures This position challenges framings of the popular lifestyle and factual television genre that has been dominated by a neoliberal or governmentality perspective for many years Presented by British designer and writer Kevin McCloud Grand Designs follows the progress of home owners as they embark on design renovation and building projects at almost always dizzying scales of endeavour Understanding the program as both a text to analyse and a site of material impact the book draws on interviews with production members home

renovators building practitioners and audiences as well as references to associated media formats to provide contextual depth to the analysis The authors argue that as a cultural object the program is both shaped by and enacts social discourses of home making design value and taste Navigating public commercial and promotional logics Grand Designs sparks new forms of cultural production and consumer markets **The Bulletin** ,1988 **Newsweek** Raymond Moley,Samuel Thurston Williamson,Malcolm Muir,Rex Smith,Joseph Becker Phillips,1988 *The Advertising Red Books* ,2005-04 *Access* ,1990 **The Hollywood Reporter** ,2007 *The Times Index* ,2010 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **The Great Women Cartoonists** Trina Robbins,2001 Robbins began her cartooning career in the underground in 1966 and has become not only a major artist but the foremost pop historian of women in comics To keep her survey to a reasonable size she has neglected cartoons writers unless they were working with a cartoonist and defines cartoons as two or more panels continuity or speech balloons inside the panel c Book News Inc *Marketing* ,2009 People in the News David M.
