Cummings,2006-10-05 The Cadillac V 16 was conceived in secrecy in the middle of the Roaring Twenties when incomes were rising prosperity seemed endless and the car business was beginning to break from a traditional emphasis on function over form But by the time the Cadillac V 16 reached showrooms in 1930 the nation was falling headlong into the Great Depression and it soon became a rare relic of the boom before the crash That is why in the mid 1960s when Christopher Cummings was an adolescent car enthusiast the oldest Cadillac V 16s were a dream just out of reach This memoir tells the story of a boy who grew up loving cars learned everything he could about them and acquired quite a few impressive models for himself while always looking forward to the day he would by surprising circumstance find the automobile of his dreams Early chapters reveal the adventure Cummings underwent renovating his first car at age 13 Over the course of his teenage years he would work to acquire three classic
