Johnson,2017-07-12 This brief practical guide to clinical supervision uniquely addresses supervisor and supervisee together The purpose of the book is to help the supervisory dyad collaborate effectively to meet the goals of supervision to ensure client welfare educate and evaluate the supervisee and help the supervisee cope with the emotional challenges of doing psychotherapy To do so the book provides guidance on how to implement evidence based and best practice recommendations at each stage of supervision preparation beginning middle conclusion of active supervision and the post supervision relationship The emphasis throughout is on developing and maintaining a positive collaborative supervisory relationship Establishing this requires that the members of the dyad understand and agree on their respective roles and responsibilities trust each other to carry them out and feel safe enough to discuss the process This book facilitates this by describing these complementary roles and responsibilities and by providing activities that help the dyad establish mutual understanding set

goals and complete necessary tasks The book also illustrates better and worse ways these roles can be fulfilled from the author's experience Other value added features include sections devoted to common problems in supervision and how to prevent or manage them the competencies that supervisors and supervisees require to be prepared for their roles how to incorporate diversity into supervision and how to complete supervision contracts and evaluations Written in an inviting often conversational tone the book is an invaluable aid to supervisors and supervisees of all levels of experience Supervision in Psychiatric Practice Sallie G. De Golia, M.D., M.P.H., Kathleen M. Corcoran, Ph.D., 2019-04-03 This guide explores a range of supervisory techniques from role playing and working with process notes to live supervision and cotherapy as well as a variety of venues from inpatient and community based settings to diverse administrative contexts and scholarly environments It also features a thorough discussion of unique issues in supervision as well as legal issues and the current state of professional development back cover **Supervision Matters** Margaret Morrell, 2018-05-08 Supervision Matters comprises Margaret Morrell's six step by step supervision guides You Deserve Good Supervision Towards Gold Standard Supervision Protecting Reflective Practice through Supervision Protecting Reflective Practice through Supervision video exercise Inspiring Ethical Conversations in Supervision Supervisors Deserve Reflective Supervision too Together these simple guides contain everything reflective supervisors and supervisees need to know to engage in excellent supervision **Peer Supervision in Coaching and Mentoring** Tammy Turner, Michelle Lucas, Carol Whitaker, 2018-03-05 Supervision is increasingly required for a coach's and a mentor's professional development and engaging in reflective practice with peers can be a valuable way of meeting these needs Peer supervision brings unique challenges though including the possibility of collusion or stagnating at a shared developmental level This book is written by practicing professional supervisors who engage in peer supervision themselves and train communities of coaches and mentors It guides practitioners to develop and integrate their range of individual and group reflective practice activities alongside professional supervision It draws upon essential theory and methodology explores challenges and ethical dilemmas faced within peer supervision and provides concrete guidance useful techniques and helpful templates This practical guide will be vital reading for individual coaching and mentoring practitioners and peer learning groups including within communities universities and or training programs It will also support professional supervisors and organizations developing coaching cultures *Clinical Supervision in Occupational Therapy* Donna M. Costa, 2007 Fieldwork education links education and practice and is a critical extension of occupational therapy curricula Yet despite its importance the theory and practice of fieldwork education has remained relatively free of research theory development or training for those who direct the learning of students The chapters in this essential book each of which offers several learning exercises address these gaps in the occupational therapy knowledge base providing a theoretical and philosophical framework correcting myths and forging a connection between the theory and practice of clinical education and supervision For OT and OTA students this book will encourage an active learning

experience For new practitioners the book will help identify a body of knowledge not learned in school For fieldwork educators this book will assist with self assessment and encourage creating a professional development plan that will further refine supervision skills For managers of practice settings the book will provide a theoretical base for the administrative supportive and educational functions of clinical supervision Includes an 18 minute DVD produced by occupational therapy fieldwork students with 5 clinical scenarios that show situations between students and supervisors followed by discussion questions
