user's guide to flintknapping is long overdue. There have been some admirable attempts to produce such a volume but these have been targeted at specific fairly narrow audiences. Not so with *Flintknapping*. Whittaker's clear aim is to reach professional archaeologists as well as hobbyists. I believe he achieves this goal with incredible skill and humor. I highly recommend this book to everyone interested in flintknapping. *Plains Anthropologist*. Very attractive to readers interested in ancient crafts, survival skills, or the history of technology. Far superior to anything currently available. James C. Woods, director, The Herrett Museum, College of Southern Idaho. **Screenings**, 1982. *The British: from Pre-history to the Present Day*.
