*Forrest Fenn's Treasure Remote Viewed* Kiwi Joe,2019-05-14 Important update Forrest Fenn has confirmed to the Santa Fe New Mexican the treasure chest has been found reported June 07 2020 Well done Back East Kiwi Joe For some time now I have been looking for a popular mystery to demonstrate the power of remote viewing Mr Fenn s treasure hunt was perfect for that project and with the agreement of my client I released two books using the session work I completed for myself The detailed remote viewing maps and accompanying data are significant for treasure hunters This first

book alone had significant information to help crack Forrest Fenn's cryptic clues and to help verify solutions and strategies or to rethink them. The book shows how Mr Fenn hid the chest at the site and where he hid it once the treasure hunter was close enough to throw a rock at it. I included a bird's eye view of the immediate area and as a bonus I took a peek inside the chest. The book includes 16 full page illustrations from five remote view sessions together with my analysis of the data and conclusions. Additionally there's a resource list of relevant literature as well as other online sources for both treasure hunters and remote viewers. The book is divided into two parts with all illustrations included in the second part. You can find my contact details in the back of the books if you have any questions or suggestions. Remote Viewing uses an ESP ability found in all of us to view a distant or unseen object by means of a disciplined approach originally developed under the auspices of the Defense Intelligence Agency DIA and the Stanford Research Institute SRI in the 1970s <https://www.facebook.com/KiwiJoesRemoteViewing> <https://www.bookbub.com/profile/kiwi-joe> See this <https://youtu.be/vonooVik4KA> [https://youtu.be/qN\\_VtVEchlo](https://youtu.be/qN_VtVEchlo) These links are to videos on The Kiwi Joe Project channel on YouTube. **Mind Trek** Joseph McMoneagle, 1993. Remote viewing is the ability to correctly perceive and describe detailed information about a remote place, person or thing regardless of the normal boundaries of time and space. For over 25 years it has represented the cutting edge of research into powers of the mind. The author's near death experience in 1970 ultimately drew him to the Cognitive Sciences Lab of SRI International. There he learned to control his talent for collecting information through extra sensory perception. This text gives an insight into current perceptions and realities and deals with the doubts and fears of the RV learning process. **Everybody's Natural Guide to ESP** Ingo Swann, 2017. In this milestone book Ingo Swann guides the reader through revolutionary techniques he developed and tested in thousands of experiments with startling results for tapping ESP potential. His exciting new concepts of mind, mound, mind manifestation and the ESP core help readers demystify ESP and link this important inner reality to what is already known about dreams, memory, quantum physics and human creativity. Swann shows how to become more receptive to the deeper self and make contact with the hidden reality in which ESP operates. *AB Bookman's Weekly*, 1998.

**The God Hypothesis** Joe Lewels, 1997. The God Hypothesis offers a bold look at the alien abduction phenomena and challenges not only commonly accepted UFO theories but also the modern theological and scientific consensus views of reality. By thoroughly examining evidence from various scientific disciplines Dr Lewels presents a compelling case for the reality of UFOs and their connection to the major religions of the world. In so doing he causes us to re

examine our own spiritual and religious beliefs and to see the Bible through modern scientific eyes a view that demystifies the ancient texts and reveals the true origins of the human race and its proper place in the hierarchy of intelligent life in the universe Lewels sees the UFO enigma as part of the process of human evolution in the physical sense as well as in the spiritual He proposes a solution that crosses the line between the physical material world and that spiritual dimension where quantum physics tells us that time and space cease to exist
