How to win BIG and Make Money on High Limit Slots John F. Kennedy,2018-10-17 This book is about bettering your odds on playing High Limit Slot Machines There is a myth that you can t make money on slot machines However over the years through trial and error I have discovered a system that has been working for me over several years that has helped me produce almost a million dollars in hand pay jackpots A system that I have expressively shared in this informational guide All this information is based on my own personal gambling experiences in various casinos around the USA My branded phrase is flippin your money and dippin into theirs never using your hard earned money again hence the meaning behind the phrase flippin n dippin

The Devil's Slot Machine System Arthur Conrad,2020-01-03 The 1st book in The Devil s Gambling System series it s time to beat slot machines Can you beat slot machines It s a question that that has yet to be answered because the keys to solving this puzzle are in the hands of people whom promised their confidentiality for the professional secrets until now The original book revised after consulting with former casino operators online slot game developers and backend programmers to bring you the most accurate information about the possible loopholes in the system and to debunk the most common myths about slot machines which are in fact lowering your odds of winning while presenting information about the ONE period of time when your chances of winning might be better Teaching you about The games with the highest RTPChoosing the right machineCorrect credit managementBonuses features and promotionsBetting systemsThe truth about slot machines and many more Keep in mind that no gambling system is fool proof so if anyone tries selling you a betting or predicting system that they promise is perfect be aware of the lies The Devil s Gambling System series does NOT make false promises but instead develops and teaches the best proven methods to diminish the house edge and to get the best possible odds for your bets Gamble smart gamble well gamble like the Devil

Smart Slot Strategies John W. Crockett,2010-06-02 This book includes easy to follow strategies developed by the author and tested in real world casinos He doesn t claim that these strategies are guaranteed to make you win as many other authors do but even if you don t follow any of the strategies or apply the rules laid out in this book you will become a better informed slot machine player and will have a good basic understanding of how slot machines work and what to expect when you play slots Several books on the market today make the claim that they teach techniques that will lead to better results when you play slot machines and even claim that they guarantee that you will be a winner each and every time you apply their techniques but can you really win at slot machines with any form of predictability or consistency Is it really possible to predict what the slot machines will pay out

which slot machines you should play and for how long Many of these questions are answered in this book with answers that aren't based on the author's own guesses and theories The information contained here is based on a mathematical approach which examines many of these age-old techniques and secrets to winning at slot machines and provides an assessment of their reliability and usability Many of these commonly held beliefs are fundamentally flawed and the author points out why you should or shouldn't use them This book also contains a list of the author's cardinal rules for successful slot machine play in real-world casinos including the author's own counting method which he developed based on research conducted on thousands of plays in various slot machines This counting method was created to provide players with the ability to pick looser slot machines with greater accuracy and avoid the casino's tightest machines The author also gives detailed advice on how you can practice your techniques and better prepare yourself before you enter the casino
