

GOVERNMENT ACCOUNTING AND AUDITING MANUAL

VOLUME III

December 19, 1991

COMMISSION ON AUDIT CIRCULAR NO. 368-91

TO : All Heads of Departments, Bureaus and Offices of the National Government; Managing Heads of Government-Owned and/or controlled Corporations, Boards and Commissions; Provincial Governors; City/Municipal Mayors; Chief Accountants/Corporate Treasurers; Local Treasurers; COA Directors and Auditors; and All Others Concerned.

SUBJECT : Instituting a Government Accounting and Auditing Manual and Prescribing its Use

The Commission on Audit has in recent years perceived the need to revise and update accounting and auditing rules and regulations embodied in the National Accounting and Auditing Manual and the Revised Manual of Instructions to Treasurers in order to keep abreast with modern trends of government accounting and auditing and progressive legislation on the subject. The endeavor to fill this need now finds fruition in a new Government Accounting and Auditing Manual (GAAM) which is hereby instituted and prescribed for use by all government agencies pertaining to the national, local and corporate sectors.

The Government Accounting and Auditing Manual consists of three volumes, viz:

- Volume I — Government Auditing Rules and Regulations
- Volume II — Government Accounting
- Volume III — Government: Auditing Standards and Procedures
and Internal Control System

On the main, it integrates pertinent laws and administrative issuances as well as judicial and quasi-judicial decisions relative to the financial operations of Government.

A supplement embodying the procedural aspects on accounting and auditing in local government units will be issued. This supplement will form an integral part of the Government Accounting Manual.

The National Accounting and Auditing Manual and the Revised Manual of Instructions to Treasurers are deemed supplanted and superseded by the new Government Accounting and Auditing Manual and its supplement.

All others Circulars, Memoranda and regulations inconsistent or in conflict with the provisions of the Government Accounting and Auditing Manual are hereby repealed, modified and/or amended accordingly.

Official Gazette Philippines, 1997 **Annual Financial Report, National Government** Philippines. Commission on Audit, 2014 **Ahad Ha'am Elusive Prophet** Steven J Zipperstein, 2012-08-27 An incisive biography of the guiding intellectual presence and chief internal critic of Zionism during the movement s formative years between the 1880s and the 1920s Ahad Ha am One of the People was the pen name of Asher Ginzberg 1856 1927 a Russian Jew whose life intersected nearly every important trend and current in contemporary Jewry His influence extended to figures as varied as the scholar of mysticism Gershom Scholem the Hebrew poet Hayyim Nahman Bialik and the historian Simon Dubnow Theodor Herzl may have been the political leader of the Zionist movement but Ahad Ha am exerted a rare perhaps unequalled authority within Jewish culture through his writings Ahad Ha am was a Hebrew essayist of extraordinary knowledge and skill a public intellectual who spoke with refreshing and also according to many exasperating candour on every controversial issue of the day He was the first Zionist to call attention to the issue of Palestinian Arabs He was a critic of the use of aggression as a tool in advancing Jewish nationalism and a foe of clericalism in Jewish public life His analysis of the prehistory of Israeli political culture was incisive and prescient Steven J Zipperstein offers all those interested in contemporary Jewry in Zionism and in the ambiguities of modern nationalism a wide ranging perceptive reassessment of Ahad Ha am s life against the back drop of his contentious political world This influential figure comes to life in a penetrating and engaging examination of his relations with his father with Herzl and with his devotees and opponents alike Zipperstein explores the tensions of a man continually torn between sublimation and self revelation between

detachment and deep commitment to his people between irony and lyricism between the inspiration of his study and the excitement of the streets As a Zionist intellectual Ahad Ha am rejected both xenophobia and assimilation seeking for the Jews a usable past and a plausible future

The Volume of Payments and the Informal Economy in the Netherlands 1965-1982 W.C. Boeschoten,M.M.G. Fase,1984-10-31 This study provides an estimate of the size of the informal economy in the Netherlands in the period 1965-1982 In this study the informal economy has been defined statistically as that part of the non registered national product which involves monetary transactions Bartering activities and transactions outside the market are thus left completely out of consideration The same is true of those market transactions which despite their illegal or underground nature are already included in the national product published by the Central Bureau of Statistics CBS because of its measuring methods According to the CBS 1983a these transactions account for 5 to 10% of national income This means that the estimate of the informal economy will be smaller when the statistical registration is more comprehensive and a wider starting point is chosen than the market The term underground economy as used in a fiscal context therefore means something else than the statistical term informal economy used in this study I The phenomenon of the informal economy emanates partly from the usual measuring conventions at the same time it is also an expression of economic behaviour motivated by economic incentives and conditions which aims to keep such economic dealing concealed This study attempts to quantify the size of that informal economy partly on the basis of economic behaviour Observable monetary transactions were the main starting point
