Media & Culture with 2015 Update Richard Campbell, Christopher R. Martin, Bettina Fabos, 2014-03-31 The media are in a constant state of change accelerated by the recent turn in digital technology The new 2015 update of Media and Culture keeps up with the newest changes unfolding over YouTube Twitter Facebook and other feeds because the speed of today's media stories requires an understanding of the complex connections between media and our culture The 2015 update includes the latest media developments and coverage of the political economic and cultural issues affecting our mass media and culture But the authors go beyond the addition of current events and trends to focus on what these changes mean extending the bridge between media history and the media right now *Representation of Middle Easterners in Contemporary North American TV Series* Matthias Köbrich, 2018-08-13 Master's Thesis from the year 2017 in the subject English Language and Literature Studies Culture and Applied Geography grade 1 5 Friedrich Alexander University Erlangen Nuremberg Institut für Anglistik und Amerikanistik language English abstract TV shows have always been popular However fairly recently their quality and their budget have vastly increased Prestige TV which is frequently argued to have started with *The Sopranos* can be argued to have continued with *The Wire* *Lost* *Breaking Bad* *Boardwalk Empire* *Game of Thrones* *House of Cards* and *Homeland* After 9 11 an increase in TV shows focusing on terrorism was noticeable Many shows exhibited coping mechanisms built into their plots which can be related to the events on September 11 2001 Movies like the *Rambo* film series 1982 1988 *Platoon* 1986 *Full Metal Jacket* 1987 and *Rocky IV* 1985 can be argued to be cinematic attempts of coming to terms with the United States defeat in the Vietnam War as well as locking horns with Russia respectively In more recent movie history we can witness films such as *Rules of Engagement* 2000 *Flightplan* 2005 *The Kingdom* 2007 and the *Transformers* franchise 2007 2014 which can be interpreted as blowing off steam with regard to the US Army's seemingly endless engagement in the Middle East Not to forget the recent TV shows *Quantico* 2015 24 2001 2010 and *Homeland* 2011 which are excellent examples for Orientalist points of view terrorism threats and so called SHTF scenarios as well as homeland security issues These TV shows all seem to be cultural products that can be seen as direct answers to the terrorist attacks that day And just like the older examples of pop culture products these series and movies are also filled with coping behavior and processes The goal of this thesis is to look at the dichotomy between the East and the West the negative perception of the Middle East in the West as well as how negative images of the East are constructed but also countered in Western media In other words to see where or how Orientalist views are perpetuated and reinforced and where they are countered criticized and ridiculed Furthermore the intention of this thesis will be to scrutinize the underlying presumptions about the other and how these presumptions can be connected to Orientalism By exposing the negative images stereotypes and attempts of othering light will be shed on the above mentioned misrepresentations of Middle Easterners
