Term 2 Homework Guidance:
Your homework is to revise the key knowledge for this unit.

- You will have a banded assessment.
- Your grade will reflect how well you have revised during the term.
- This booklet contains fortnightly revision activities that you must complete to prepare.
- This booklet must be brought in for your teacher to see on the homework due date.
- All answers are on the knowledge organiser.
- The activities will be marked in class on the homework due date.

A **settlement** is a place where people permanently live. The first humans were **hunter-gatherers** and were always on the move, following their food. Once humans learned to **farm**, they began to build permanent settlements.

The **site** is the land a settlement is built on.
The **situation** is the land surrounding the settlement.

There are **Physical reasons** for choosing the site and situation for a settlement.

Good farmland = Growing crops
Waterways = Building and freeroad near water = Drinking and washing
On flat land = Easy to build on
On a hill = Protection
On dry land = No flooding
Near a river = Transport and Trade
Near a quarry = Stone for building
Near the sea = Wharves for trade

Bristol's **industry** is changing. It is becoming a major **high-tech city**.

It has the largest number of silicon chip manufacturers outside of California.

14 of the 15 biggest service manufacturers are located in Bristol e.g. Airbus
This creates a range of highly skilled and well paid jobs for Bristol's people.

Most large settlements began to grow during the **industrial revolution**. They have similar features and grow and change in similar ways. This can be shown in a **land use model**.

Re-development is about improving **run-down or derelict** areas of cities that are no longer used. This improves housing, leisure and job opportunities.

Bristol Harbourside has been re-developed from a run-down and derelict city part. It is now a mixture of modern flats, and places of leisure and entertainment. It has created many jobs and leisure opportunities for the people of Bristol. It has also kept and restored many old historic features and buildings, attracting **tourists**.

Debut circus has been re-developed to a major new shopping area. It is underground, **pedestrianised** and has many restaurants and a cinema to create a pleasant shopping experience. This attracts thousands of shoppers and has created wealth for Bristol and jobs for thousands of local people.

The **Central Business District (CBD)** The oldest part of the settlement but now re-developed. The most **accessible** part of the city. **Shops, Offices, Civic Buildings and Business Headquarters** are found here.

The **inner city industry**, built in the 18th century. Where factories were located in the industrial revolution. Now re-developed with **small businesses, shopping, train and bus stations**. Some areas are still run-down.

inner city housing, built in the 19th century. Lots of terraced housing, built for the poor workers in the old factories. **Narrow roads** as there were no cars. Many houses now demolished and replaced with blocks of flats. The poorest part of the city.

The **inner suburbs**, built in the 19th century for a more wealthy population. Lots of semi-detached houses with **gardens, garages, and more open space**. Roads designed for cars so people now own them. **Council estates** are built to re-house the less wealthy workers from the old inner city.

The **outer suburbs**, The newest part of the city. Larger detached houses with lots of open space near the countryside. Built for wealthy **commuters** (people who drive to the city to work). **Retail parks** are also located here because space is available.

Quality of life = describes the general well-being of individuals, communities and societies. Quality of life of people varies between different parts of a city due to many factors.

- Access to healthcare
 - Quality of housing
 - Access to leisure and recreation
 - Levels of crime
 - Educational opportunities and qualifications
 - The quality of the environment
 - Income of the people
 - Access to jobs and employment
 - Noise and traffic pollution
 - Anti-social behaviour
- People in places like **Cirrus** often have a higher quality of life than people in places like **Easton**.

Cities have many **social and environmental** problems that need to be overcome.

- Traffic congestion** = Makes people late for work or appointments and costs businesses money through delayed deliveries. It also causes air pollution.
- Crime** = Makes people feel unsafe on the streets.
- Poverty** = Some families struggle to make ends meet and live in poor quality housing.
- Rising house prices** = Many young people can no longer afford to buy their first home.
- Homelessness** = Thousands of people live rough on the streets.
- Dereliction** = some parts of cities may be polluted, run-down and vandalised.

Sustainable cities try to solve city problems using a range of strategies. For example:
Better public transport
More green spaces
Recycling schemes
Cycle paths
Building alternative housing
Using more renewable energy sources
Re-developing run-down areas

1. Fill the gaps:
Settlement is a place where people permanently _____ . The first humans were _____ and were always on the move, following their food. Once humans learned to _____ they began to build permanent settlements.
The _____ is the land a settlement is built on. The _____ is the land surrounding the settlement

4. Fill the gaps: Bristol's Changing Industry.
Bristol's _____ is changing. It is becoming a _____ . It has the largest number of silicon chip manufacturers outside _____ . 14 of the 15 biggest _____ .
