

Drawing Conclusions/Inferencing

Lesson One

Time: 35 - 40 minutes

Materials: 3 photographs, anchor chart, Notes from the Dam page

The students will be able to -

- ☐ Draw conclusions and make inferences using details and examples from the text

Engage: (5 minutes)

Give pairs of students ONE of each of the following photographs (or find three related photographs of your own). Tell students to not let other students see their photograph. Have students **think** about what is happening in the picture, then with their **pair**, discuss what is happening. After a few more seconds, have each pair of students **share** what they think is happening in the photograph. Ask each pair, "What clues helped you determine your answer?"

While students are sharing what they think is happening in each picture, they should not show each other their picture. After everyone has shared, project/show the three pictures all at once. Review. Ask, "After inferring what happened in each picture, what can we conclude is going on? (playing hide and go seek)"
