Advice for Young People or School Leavers
on Becoming a Veterinary Nurse

What Veterinary Nurses Do

Veterinary nurses provide care and support for animals when they get sick. (DF 6) They have to handle animals and carry out a number of clinical duties (DF 6, TS 14), including minor surgical procedures (DF 6), dental cleaning (DF 6) and taking blood from an animal correctly (TS 15).

Professional Qualities Veterinary Nurses Need

Good communication skills are very important since veterinary nurses may have to talk to people and perform duties like answering clients' emails apart from interacting with animals (TS 12). Veterinary nurses need to know how to handle animals properly too (TS 13). They should like animals and be interested in them (TS 11).

Qualifications and Future Prospects

To be a qualified veterinary nurse, you will have to attend programmes that train you in all the skills necessary for the occupation (DF 5). You will have to study communication, which includes an internship (DF 5). Graduates from the qualification courses may be placed as a veterinary nurse in a specialized field, such as in a horse clinic (DF 5). A full-time degree, diploma and certificate programmes are available for your selection (DF 5). If you are still uncertain about your choice, you can choose to complete the diploma course first (DF 5). After that, you can study full-time to become a vet (DF 5).

Challenges Encountered by Veterinary Nurses

Veterinary nurses often face various challenges. They have to learn not to be nervous with animals (DF 6). Shift work is another challenge to cope with because veterinary nurses are required to work on call at night (DF 6). Moreover, veterinary nurses need to develop a strategy to overcome their personal sorrow when a sick animal dies (DF 6). Each and every of the above challenges can be very tough.

Task 9 Speech

Virtual Pets and their Elderly Owners

Ladies and Gentlemen,

Good morning everyone! Welcome to the open day of the Kowloon Exotic Pets Hospital. I am Kerry Lam, the manager of the hospital. Today, I am honoured to be here to give a speech on virtual pets.

According to Kohonen et al., a virtual pet is defined as "a digital application which simulates online the experience of having a real pet." (DF 7) With increasingly widespread and cheaper access to the internet, virtual pets have become increasingly popular (DF 7). According to the statistics from Online Today magazine, virtual pet owners are mainly those aged under 38 and over 65, which accounted for 37% and 26% of the total number of interviewees in the survey respectively (DF 4). It can be seen that a significant large percentage of users are over 65.

People own virtual pets because of different reasons. For instance, some of the elderly make use of virtual pets to keep their minds active as they get older (DF 5). Some elderly users are taught by their grandchildren how to use the computer and then how to have a virtual pet (DF 7). Apart from that, people also get virtual pets as a kind of compensation since they are prohibited from owning a real pet in their apartment building (DF 7).

Old people use virtual pets in different ways. Some of the elderly spend time breeding different kinds of animals online. For example, there are old people operating an extensive breeding exchange programme for virtual birds on the internet and swap them for other birds they haven't got (DF 8). Some collect virtual horses to develop a virtual ranch on the web (DF 8). Some also use their online accounts on different virtual pet websites to breed virtual cats (DF 8), or even cross-breed animals to create super pets (DF 5)! Some even make money by selling the virtual pets to other online breeders. For the retired elderly, this income can be very useful.

The many features of virtual pets have certainly contributed a lot to its rising popularity among the aged. Many people are becoming interested in this kind of online activity and it is expected that the rising trend of virtual pet usage will continue. Our website is going to introduce a new page about virtual pets (DF 4).
