How To Escape Excelsior Editions:

How to Escape Crispin Sartwell, 2014-08-13 Passionate and rollicking personal and intellectual essays by philosopher Crispin Sartwell. Philosopher, music critic, and syndicated columnist Crispin Sartwell has forged a distinctive and fiercely original identity over the years as a cultural commentator. In books about anarchism, art, and politics, Native American and African American thought and culture, Eastern spirituality, and American transcendentalism, Sartwell has relentlessly insisted on an ethos rooted in unadorned honesty with oneself and a healthy skepticism of others. This volume of selected popular writings combines music and art criticism with personal memoir about addiction and rebellion, as well as cultural commentary on race, sexuality, cynicism, and the meaning of life. Crispin Sartwell deserves to be recognized as the heir to a distinctively American intellectual legacy. Like the American cynics he loves, Twain, Bierce, Mencken, he is fiercely individualistic, deeply antiauthoritarian, and slavishly aligned with no creed or academic discipline. He uses his significant erudition not to escape the ordinary or himself, but rather to let loose riches of insight, suffering, and beauty through a relentless examination of life, culture, and reality. Sartwell is also, in my opinion, the best philosophical prose stylist of his generation. His writing is crystalline, vivid, and intoxicating, an uncontrollable substance. And though Sartwell swaggers, provokes, and sometimes infuriates, he does so with a tacit humility and self-scrutiny which empowers readers to follow his example and convert their own rage into beauty. Elizabeth Walden, Bryant University. Crispin Sartwell is the most important philosophical voice of his generation. He has risen into the public consciousness in the last two decades due to his controversial views on social, political, and cultural subjects. Through television appearances, journalism, and blogging, along with his numerous scholarly books, he has made a reputation as a thinker of serious thoughts. Yet there is a lightness to his world that is irreverent, fun, and entertaining. These essays reflect some of his best writing from the past fifteen years. They are highly readable, but they are also profound reflections on the subjects that will draw many of us into deeper ponderings about the meaning of life, or more to the point, the meaning of our lives. Randall Auxier, author of *Time Will and Purpose Living Ideas from the Philosophy of Josiah Royce*. What Philosophy Can Do Gary Gutting, 2015-08-20 A brilliant demonstration of what philosophy can do and how it is essential to human integrity and identity. Simon Critchley, coeditor of *The Stone Reader*. In *What Philosophy Can Do*, Gary Gutting takes a philosopher's scalpel to modern life's biggest questions and the most powerful forces in our society: politics, science, religion, education, and capitalism. Along the way, he introduces readers to powerful philosophical tools, from inductive and deductive logic to the Principle of Charity, which they can use to make better sense of current debates. Interweaving his discussion of contemporary issues with philosophical concepts from Aristotle to Michel Foucault and John Rawls, Gutting shows how philosophy can enrich public discussions about our most urgent issues.
