Rodman Philbrick, 1998 Fourteen year old Max helps a younger girl escape from her abusive stepfather by running away with her to the distant town of Chivalry Montana searching for her real father **The Wild Soccer Bunch, Book 5, Max the Golden Boot** Joachim Masannek , 2014-05-15 The championship game pits Max the Golden Boot and his team against the Wild Soccer Bunch Max is so hooked by their attacking game that he dreams of being one of them Although he is an amazing player Danny and Kevin don't want him on the team A power struggle ensues and threatens to break up and destroy the Wild Soccer Bunch who are on the top of their game **Max the Cat** Nana Grey-Johnson, 2015-06-27 In Max the Cat Max the son of the district officer returns to his provincial hometown after qualifying as a teacher However Max returns under a cloud His father is unhappy with reports of his son's radical political activities at college This sets the tone of a one-sided relationship While the son loves his father and holds him in highest regard the ambitious old politician plots for Max's removal by any means fair or foul The young man's crusade against official corruption does not sit well with some of the skeletons that his father would rather keep hidden to maintain his privilege and protect his friends Between these two men there is a woman a loving stepmother and a faithful wife who tries to reconcile her stepson and her husband With quiet faith and patience she lives with the great irony in their differences arising out of the son's firm belief in the moral principles his father taught him while her husband's own faith in his early teachings has been eroded by complacency and compromise after years in office Father and son are set on a warpath Behind the scenes in this struggle the spirits of their ancestors are at work The interplay is quite thrilling as African folklore religion and contemporary politics mix dramatically in this book to see if good triumphs over evil *Neo-Victorianism and Medievalism* , 2024-04-30 Bringing together neo Victorian and medievalism scholars in

dialogue with each other for the first time this collection of essays foregrounds issues common to both fields The Victorians reimagined the medieval era and post Victorian medievalism repurposes received nineteenth century tropes as do neo Victorian texts For example aesthetic movements such as Arts and Crafts which looked for inspiration in the medieval era are echoed by steampunk in its return to Victorian dress and technology Issues of gender identity sexuality imperialism and nostalgia arise in both neo Victorianism and medievalism and analysis of such texts is enriched and expanded by the interconnections between the two fields represented in this groundbreaking collection
