SOL

Special Use Valuation

Special Use Valuation (SUV) is a tax election that allows a taxpayer to value certain real property for estate tax purposes based on its use as a farm, timberland, or other agricultural or recreational property. The value is determined based on the property's fair market value as if it were sold to a willing buyer, but with adjustments for the property's special use value. The election is available to taxpayers who own the property for a certain period of time and who have a qualified interest in the property. The election is made on the taxpayer's estate tax return.
