Peterson Reference Guide To Birding
By Impression Kevin T. Karlson, Dale Rosselet, 2015-05-05 A highly visual guide to identifying birds in the field based on the important unchanging features of size shape structure and behavior Birding is an extremely rewarding and fun hobby but some situations can be frustrating or unsuccessful because of a variety of challenging viewing conditions This guide to identifying birds offers the holistic birding by impression method which not only helps with these difficult conditions but also develops an efficient mental identification process using left and right brain skills It begins with a conscious assessment of a bird's unchanging physical characteristics including general size body shape structural features bill legs neck and wings and behavior Using this approach birders can quickly assess all birds and distinguish new and uncommon species from familiar ones They can then examine more detailed field marks to fine tune the identification Rather than a traditional field guide this book presents an interactive how to approach to a more complete identification process
