Studies in the Formation of Medieval Hebrew Philosophical Terminology Reimund Leicht, Giuseppe Veltri, 2020-02-17 This volume contains studies based on papers delivered at the international conference of the PESHAT in Context project entitled Themes Terminology and Translation Procedures in Twelfth Century Jewish Philosophy The central figure in this book is Judah Ibn Tibbon He sired the Ibn Tibbon family of translators which influenced philosophical and scientific Hebrew writing for centuries More broadly the study of this early phase of the Hebrew translation movement also reveals that the formation of a standardized Hebrew terminology was a long process that was never fully completed Terminological shifts are frequent even within the Tibbonide family to say nothing of the fascinating terminological diversity displayed by other authors and translators discussed in this book *Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion* Albert John Walford, Marilyn Mullay, Priscilla Schlicke, Library Association, 1996 This new edition of Volume II last published in 1994 has been extensively expanded and revised in all areas Fully updated the new edition includes major changes and covers a span of topics from archaeology through medieval history to statistics It includes philosophy psychology religion social sciences geography biology and history All areas have been completely updated with additional material in economics business and management Metaphor and Imagination in Medieval Jewish Thought Dianna Lynn Roberts-Zauderer, 2019-12-12 This book reveals how Moses ibn Ezra Judah Halevi Moses Maimonides and Shem Tov ibn Falaquera understood metaphor and imagination and their role in the way human beings describe God It demonstrates how these medieval Jewish thinkers engaged with Arabic Aristotelian psychology specifically with regard to imagination and its role in cognition Dianna Lynn Roberts Zauderer reconstructs the process by which metaphoric language is taken up by the imagination and the role of imagination in rational thought If imagination is a necessary component of thinking how is Maimonides idea of pure intellectual thought possible An examination of select passages in the Guide in both Judeo Arabic and translation shows how Maimonides attitude towards imagination develops and how translations contribute to a bifurcation of reason and imagination that does not acknowledge the nuances of the original text Finally the author shows how Falaquera s poetics forges a new direction for thinking about imagination **A Reference Guide for English Studies** Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s *Literary Research Guide* Modern Language Assn of America 1989

larger academic libraries will want Marcuse's volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal *Bridges of Knowledge* Jean Baumgarten, Ruth von Bernuth, Moshe Lavee, 2025-09-25 In this collaborative volume the editors examine the role of Judeo languages in literary social religious and cultural channels of knowledge transfer particularly in the dissemination of oral and written traditions beyond the core intellectual elite to the secondary Jewish intelligentsia and broader audiences This phenomenon is evident in Yiddish Judeo Spanish Judeo Arabic Judeo Italian Judeo French and Judeo Turkish from the Middle Ages to the 20th century The studies in this book present a wide range of manuscripts and printed editions highlighting the diverse functions and roles of Judeo languages as vehicles for the distribution transmission and mediation of knowledge **Select Catalogue and Guide** Islington (England). Public Libraries Committee, 1910 *A Guide to Philosophical Bibliography and Research* Richard T. De George, 1971 **Maimonides and Philosophy** S. Pines, Y. Yovel, 2012-12-06 In the year 1985 presumed to mark the 850th anniversary of Maimonides' birth the Sixth Jerusalem Philosophical Encounter was dedicated to Maimonides as philosopher We did not enter into the other aspects of his work rabbinical legal medical etc except in so far as the relation between his philosophy and his work in halakha Jewish law is itself a philosophical question That no one is quite certain about Maimonides' date of birth is symbolic of the state of his philosophy as well Maimonides' thought poses various enigmas lends itself to contradictory interpretations and gives rise today as it did in the Middle Ages to sustained controversies Some of the contributions to the present volume deal with these and cognate topics Others deal with certain aspects of the philosophical tradition in which Maimonides was rooted with some traits peculiar to the Islamic society in the midst of which he lived and with his influence on Christian scholasticism Maimonides' thought had many facets and for this and other reasons the question as to his place and stature in the history of philosophy admits of no simple answer In this volume an attempt has been made to draw attention to some of these complexities *A Manual of Moral Philosophy* William Fleming, 1871 *The Philosopher's Guide to Sources, Research Tools, Professional Life, and Related Fields* Richard T. De George, 1980 *The Bookman's Manual* Bessie Graham, 1928 *The Philosophy of the Spirit* Horatio Willis Dresser, 1908 **The Dictionary of Science and Technical Terms Used in Philosophy, Literature, Professions, Commerce, Arts, and Trades** W.
