*Insect Biodiversity* Robert G. Foottit, Peter H. Adler, 2017-10-02 Volume One of the thoroughly revised and updated guide to the study of biodiversity in insects The second edition of *Insect Biodiversity Science and Society* brings together in one comprehensive text contributions from leading scientific experts to assess the influence insects have on humankind and the earth's fragile ecosystems Revised and updated this new edition includes information on the number of substantial changes to entomology and the study of biodiversity It includes current research on insect groups classification regional diversity and a wide range of concepts and developing methodologies The authors examine why insect biodiversity matters and how the rapid evolution of insects is affecting us all This book explores the wide variety of insect species and their evolutionary relationships Case studies offer assessments on how insect biodiversity can help meet the needs of a rapidly expanding human population and also examine the consequences that an increased loss of insect species will have on the world This important text Explores the rapidly increasing influence on systematics of genomics and next generation sequencing Includes developments in the use of DNA barcoding in insect systematics and in the broader study of insect biodiversity including the detection of cryptic species Discusses the advances in information science that influence the increased capability to gather manipulate and analyze biodiversity information Comprises scholarly contributions from leading scientists in the field *Insect Biodiversity Science and Society* highlights the rapid growth of insect biodiversity research and includes an expanded treatment of the topic that addresses the major insect groups the zoogeographic regions of biodiversity and the scope of systematics approaches for handling biodiversity data

**The Languages and Linguistics of South Asia** Hans Henrich Hock, Elena Bashir, 2016-05-24 With nearly a quarter of the world's population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed

**Climate Change and People on the Move** Fanny Thornton, 2018-10-24 This book applies a justice framework to analysis of the actual and potential role of international law with respect to people on the move in the context of anthropogenic climate change That people are affected by the impacts of climate change is no longer doubted including

with implications for people movement migration displacement relocation etc Climate Change and People on the Move tackles unique questions concerning international responsibility for people movement arising from the inequities inherent to climate change Corrective and distributive justice provide the analytical backbone and are explored in a substantial theoretical chapter and then applied to subsequent contextual analysis Corrective justice supports analysis as to whether people movement in the climate change context could be conceived or framed as harm loss or damage which is compensable under international law either through fault centred regimes or no fault regimes i e insurance Distributive justice supports analysis as to whether such movement could be conceived or framed as a disproportionate burden either for those faced with movement or those faced with sheltering people on the move from which duties of re distribution may stem This book contributes to the growing scholarship and analysis concerning international law or governance and people movement in response to the impacts of climate change by investigating the bounds of the law where the phenomenon is viewed as one of in justice

*The Refugee in International Law* Guy S. Goodwin-Gill, Jane McAdam, Emma Dunlop, 2021 Millions of people are today forced to flee their homes as a result of conflict systematic discrimination or other forms of persecution The core instruments on which they must rely to secure international protection are the 1951 Convention Relating to the Status of Refugees and its 1967 Protocol This book the leading text in the field examines key challenges to the Convention such as the status of refugees applications for asylum and the international and domestic standards of protection The situation of refugees is one of the most pressing and urgent problems facing the international community and refugee law has grown in recent years to a subject of global importance In this long awaited fourth edition each chapter has been thoroughly revised and updated and every issue old and new has received fresh analysis The books includes analysis of internally displaced persons so called preventive protection access to refugees safety of refugees and relief personnel the situation of refugee women and children a detailed examination of the role of the UNHCR and the Palestinian situation and an assessment of the protection possibilities or lack of them in the European Convention on Human Rights This new edition has been expanded with coverage of forced migration and displacement as a result of disasters and climate change It is once again an unmissable reference work for practitioners and students in the field
