#### **Purpose**

The purpose of the REA Rebar Elimination Attachment is to provide the combat soldier, or tactical team police officer, an accessory to attach to the current flash suppressors with a multi-functional combat enhancement to his service rifle.

The REA will provide the user with several options that are not now currently available with the in-service flash suppressors currently employed. The following is a list that describes the multi-functional uses for the device:

- As a rebar cutter to support the clearing of rebar up to 3/4" after breaching a concrete and/or cinder block wall that is reinforced with up to 3/4" rebar. It may also be used against solid windows, chains and door security bars up to 3/4".
