Life In The World To Come:

Isaac of Nineveh's Ascetical Eschatology Jason Scully,2017-11-03 Isaac of Nineveh's Ascetical Eschatology demonstrates that Isaac's eschatology is an original synthesis based on ideas garnered from a distinctively Syriac cultural milieu Jason Scully investigates six sources relevant to the study of Isaac's Syriac source material and cultural heritage These include ideas adapted from Syriac authors like Ephrem John the Solitary and Narsai but also adapted from the Syriac versions of texts originally written in Greek like Evagrius's Gnostic Chapters Pseudo Dionysius's Mystical Theology and the Pseudo Macarian homilies Isaac's eschatological synthesis of this material is a sophisticated discourse on the psychological transformation that occurs when the mind has an experience of God It begins with the premise that asceticism was part of God's original plan for creation Isaac says that God created human beings with infantile knowledge and that God intended from the beginning for Adam and Eve to leave the Garden of Eden Once outside the garden human beings would have to pursue mature knowledge through bodily asceticism Although perfect knowledge is promised in the future world Isaac also believes that human beings can experience a proleptic taste of this future perfection Isaac employs the concepts of wonder and astonishment in order to explain how an ecstatic experience of the future world is possible within the material structures of this world According to Isaac astonishment describes the moment when a person arrives at the threshold of eschatological perfection but is still unable to comprehend the heavenly mysteries while wonder describes spiritual comprehension of heavenly knowledge through the intervention of divine grace *Journey to Heaven* Leila Leah Bronner,2011-06-01 A number of the basic tenets of Jewish belief regarding the afterlife resurrection immortality judgment messianism and the world to come are laid out in this fascinating and accessible volume Beginning with the Bible's references to Sheol and its allusions to resurrection this survey explores immortality and bodily resurrection in Second Temple literature the Mishnah's discussions of *olam ha ba* or the world to come and how to merit entry into it and the Talmud's depictions of paradise and hell and the soul's journey through these metaphysical landscapes The book also explores the views of medieval scholars such as Maimonides and Nahmanides Jewish mystical teachings about reincarnation and modern views of faith and belief as well as the evolving view of the Messiah over the course of Jewish history This absorbing study demonstrates that the afterlife is indeed a vital part of Judaism as it reveals how generations of Jews from biblical times to the present have grappled with the core ideas and beliefs about the hereafter **The Morning and Evening Service, together with the Office for the Holy Communion, set to music in the Key of E.** Joseph Barnby,1874 *"A" Companion to the Authorised Daily Prayer Book of the United Hebrew Congregations of the British Empire* Israel Abrahams,1922 *Chapters in the Formative History of Judaism* Jacob Neusner,2010-07-15 This collection of eight essays draws on a half year of work the second six months of 2009 Neusner takes up three problems in the history of Religions four essays on fundamental issues in form history and the documentary hypothesis of the Rabbinic canon and one theological essay The reason Neusner

periodically collects and publishes essays and reviews is to give them a second life after they have served as lectures or as summaries of monographs or as free standing articles or as expositions of Judaism in collections of comparative religions This re presentation serves a readership to whom the initial presentation in lectures or specialized journals or short run monographs is inaccessible Some of the essays furthermore provide a pr cis for colleagues in kindred fields of fully worked out monographs the comparative Midrash exercise for example
