The Two Worlds ,1926 A New Variorum Edition of Shakespeare: The tempest. 1892 William Shakespeare,1892 Excerpt from A New Variorum Edition of Shakespeare The Tempest It is interesting to note the uniformity of the estimate of Caliban s character by the critics While all acknowledge his power and his attractiveness scornings loathings and revilings are nevertheless heaped on him indeed I can recall but one solitary voice really raised in his favour in some respects says coleridge caliban is a noble being It has become one of the commonplaces in crit icisms on the Play to say that Caliban is the contrast to Ariel some times varied by substituting Miranda for Ariel and that as the tricky sprite is the type of the air and of unfettered fancy so is the abhorred slave typical of the earth and of all brutish appetites the detested hag seed is then dismissed blistered all o er with expressions of abhorrence and with denunciations of his vileness which any print of goodness will not take Is there then nothing to be said in favour of Caliban Is there really and truly no print of goodness in him Kindly Nature never wholly deserts her offspring nor does shake speare We may be very sure that he who knew so well that there is always some soul of goodness in things evil would not have abandoned even Caliban without infusing into his nature some charm which might be observingly distilled out Why is it that Caliban s speech is always rhythmical There is no character in the play whose words fall at times into sweeter cadences if the Eolian melodies of the air are sweet the deep bass of the earth is no less rhythmically resonant We who see Caliban only in his prime and a victim of heredity full grown are apt to forget the years of his childhood and of his innocence when Prospero fondled him stroked him and made much of him and Miranda taught him to speak and with the sympathetic instinct of young girlhood interpreted his thoughts and endowed his purposes with words When Caliban says that it was his mistress who showed him the man in the

moon with his dog and his bush what a picture is unfolded to us of summer nights on the Enchanted Island where how ever quiet lies the landscape in the broad moonlight every hill and brook and standing lake and grove is peopled with elves and on the shore overlooking the yellow sands where fairies foot it featly sits the young instructress deciphering for the misshapen slave at her feet the features of the full orbed moon With such a teacher in such hours would it be possible for Caliban even were he twice the monster that he is to resist at the most impressible age the subtle in uence of the atmosphere of poetry which breathed in every nook and corner of the Enchanted Island The wonder is not that he ever after speaks in rhythm the wonder would be if he did not About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
